The Secret Middle Ages Malcolm Jones, 2025-04-03 The Middle Ages are known as a god fearing time a time of hard work and of squalid living conditions for the majority of the population or as a time of opulence that graced only the courts and halls of the reigning monarch In The Secret Middle Ages Malcolm Jones presents a completely fresh view of the medieval world that will blow all stereotypes out of the water Using a wealth of little known and recently discovered artefacts and drawing particularly on humbler artworks Jones paints a compelling picture of the visual environment of the great mass of ordinary people between 1200 and 1550 The picture that emerges is of a civilisation that is both like and unlike our own one that teems with the richness of life and its contradictions We find beliefs and traditions rendered memorable by the vivid creative imagination and strong visual culture of the Middle Ages Love hatred crime and punishment proverbs heaven on earth husband beating all feature in the jewellery tableware illustrations carvings and textiles of the period A major reassessment
