The Midnight Hour:

The Midnight Hour Jude O'Neill, 1987 **The Midnight Hour** Benjamin Read, Laura Trinder, 2020-03-03 For fans of portal fantasies like Jessica Townsend's Nevermoor, Colin Meloy's Wildwood and The Spiderwick Chronicles by Tony DiTerlizzi and Holly Black and unlike so many other fantasies that introduce readers to a world of enchantment and wonder The Midnight Hour is one filled with beasts and monsters for readers looking to shine their flashlights under the covers. When strange late night letters start arriving at home, Emily's parents set off to investigate. But when her parents disappear completely and Emily is left home alone to face the weird strangers that begin to appear at her door, she takes all of the clues at her disposal and makes for the place where the letters came from: the mysterious Night Post. What she'll discover is the secret world of the Midnight Hour: a Victorian London frozen in time, full of magic and monsters. Kept safe by an age-old agreement, the Night Folk have been exiled to a parallel world that can only be accessed by a selected few, including the mail carriers of the infamous Night Post that operate between the two worlds. Emily's parents are key players in keeping the Night Folk safe, but when the division of the two worlds is threatened, Emily must search for her parents while navigating this dark and unknown version of London. Armed only with a packed lunch, her very sleepy pocket hedgehog, and her famously big argumentative mouth, she must escape bloodthirsty creatures of the night, figure out her own family secrets, and maybe just save the world. This is a frightening and enchanting story, a world built out of creatures from our worst fears who become relatable, fully formed characters unlike any we've seen as these strangers of parallel worlds band together to save the day.

[The Midnight Hour](#) Richard Belsky, 2014 **The Midnight Hour** Dakota Kirkpatrick, 2017-06-22 The Midnight Hour is a collection of short stories bound to raise every hair on the back of your neck as you turn page after page, going deeper into the terror that awaits. The first two lectures constitute a critical examination of the principles of Freud and Jung. The last three lectures begin with a description of the threefold structure of human consciousness and go on to outline a psychology that takes into account both the soul's hidden powers and the complex connections between psychological and organic bodily processes. Robert Sardello, co-director of the Dallas Institute for Humanities and Culture, has contributed an important introduction from the perspective of a practicing psychotherapist. *The Midnight Hour* Eve Chase, 2025-08-05 In this thrilling, richly woven novel that spans from bustling London streets to the boulevards of Paris, a woman with a dark family secret tries to turn back the hands of time before it's too late.
