The Multivalence of Biblical Texts and Theological Meanings Christine Helmer,2006 **Latin American Perspectives on Science and Religion** Ignacio Silva,2015-10-06 Latin America plays an increasingly important role in the development of modern Christianity yet it has been underrepresented in current scholarship on religion and science In this first book on the subject contributors explore the different ways that religion and science relate to each other **Religious Experience and Its Transformational Power** Sabrina Müller,2023-06-19 The author approaches the phenomenon religious experience through a qualitative study in which young urban people from Europe and the USA are empirically examined It becomes clear that individuals themselves are constructive agents of experience and theology Religious experience manifests itself as a transformative perspective of hope in the lives of young people The study ends with a plea for a theology from below based on liberation theology and feminist theories in which contextual perspectives are central to practical theological theorising

Jenson,2011-07 Volume 1 discusses dogmatics the Trinity the identity of God creation sin and Christology **On Niebuhr** Langdon Gilkey,2001 As the eminent theologian Langdon Gilkey demonstrates in this book Niebuhr was able to provide such a persuasive answer because his social understanding was a theological understanding one accomplished by viewing human being in relation to God as well as in its political and economic relations This Biblical understanding of human nature while acknowledging the often deep ambiguity and hypocrisy of the real historical world also revealed a divine hand guiding that history To Niebuhr it is God s participation in history that gives it meaning and a promise of fulfillment and presents believers with the possibility of a social realism that maintains its moral nerve rather than succumbing to cynicism or despair **Jesus and the Quest for Meaning** Thomas H. West, A new approach to introducing theology As God s self communication to humans Jesus is the key to the human search for meaning argues Thomas West He therefore introduces the practice of theology through Christology From the question of personal meaning and self constitution and their relationship to transcendent meaning and value he proceeds to discuss the figure and import of Jesus and then the ethical imperative engendered through encounter with him Fresh and clear West s book is an invitation to grapple with one s religious commitments especially in light of recent insights in biblical studies and Continental feminist and liberation theologies This new text will prove an engaging and effective introduction to theological thinking for both undergraduates and Christian adults *Studies in Sacred Theology* ,1927 **A Handbook of Theological Terms** Van A. Harvey,1997-04 A growing number of nonprofessional readers of theology whether as individuals in study groups or in college courses treat religion as the subject of disciplined study Some acquaintance with the technical and traditional vocabulary is an asset to them This guide to the meaning and use of nearly 350 theological terms provides something of the history and background of the terms it deals with Copious cross references add to the resources available for every entry In

the choice of terms to be explained the primary emphasis is on those from systematic and philosophical theology The text gives particular attention both to contemporary theology and to the historical differences between Protestants and Roman Catholics and among Catholics *A Handbook of Moral Theology* Anton Koch,1924 **The Insider/Outsider Problem in the Study of Religion** Russell T. McCutcheon,1999-03-07 Thirty classic and contemporary readings from such writers as Kant Hume Schleiermacher and Otto to Ninian Smart Mircea Eliade Karen McCarthy Brown and Wendy Doniger

Christian Theology Jonathan Weaver,1900 *Macmillan's Magazine* ,1875 **A Religious Encyclopaedia Or Dictionary of Biblical, Historical, Doctrinal, and Practical Theology** Johann Jakob Herzog,Philip Schaff,1882 **A Homiletic Encyclopaedia of Illustrations in Theology and Morals** Robert Aitkin Bertram,1889 *The Bible and the Crisis of Meaning* Christopher Spinks,2007-08-30 Many of the most pressing issues in theology and the church today depend greatly on the understanding of the bible Recent debates on the theological interpretation of scripture have emerged which consider whether the meaning of scripture should concern theologians and church leaders at all The Bible and the Crisis of Meaning is an account of these debates in examining the concept of meaning in current proposals of theological interpretation The concept of meaning is educed either from the supposed nature of the texts and their authors or from the function of the texts in religious communities Thus approaches to theological interpretation become debates between ontological and pragmatic strategists Stephen Fowl and Kevin Vanhoozer have embraced the term theological interpretation for their separate projects but their ideas of what this means and how meaning is a part of it differ greatly Christopher Spinks describes their respective concepts of meaning and argues for a more holistic concept that allows theological interpreters to understand their craft not so much as a discovery of intentions or the creation of interests but as a conversation in which truth is mediated **Philosophy and Religion** Strong,1888 **Philosophy of Theism** Alexander Campbell Fraser,1899 **Agnostic Annual and Ethical Review** ,1906
