**The Troublesome Angel** Valerie Hansen,2011-02-21 A woman s search for a little runaway leads her to the man who broke her heart in this classic inspirational romance The pint sized orphan had big big plans She longed for Graydon Payne to be her daddy and Stacy Lucas to be her mommy And there was only one way to bring them together by running away Stacy would do anything to find the lost child even face the man she never wanted to see again She had managed to avoid Gray all these years Now it was time to put their differences aside and join forces on a heart wrenching mission Since Gray had last seen Stacy he had discovered something more powerful than his wealthy family But it would take more than steadfast faith to locate the missing cherub in the vast Ozark wilderness and to convince Stacy to give him another chance It might even take a miracle

**Second Coming Of The Bible From Hell** The Angels,2017-12-05 The Angels have been commanded to rewrite the story of the Creation the Universe and Everything But how could humans trapped as they are in their world of inconsequential and ephemeral trivia be induced to engage with the story The answer was bold radical and innovative they would be invited to participate in the re write To turn this fantastic idea into reality a Holy Helpdesk was set up to receive communications from any human regardless of their historical or geographical location The idea was simple and perfectly attuned to a world now placing so much value on connecting communicating and sharing What could possibly go wrong An Angel chosen to introduce the book decides to establish some common ground by setting out the realities of the Universe in which humans exist But as she proceeds she begins to suspect that comprehending reality for humans might not be an option The Angels on the Holy Helpdesk take up the narrative They are ready and eager to engage humans in a dialogue But they immediately find themselves under siege by the mockers the cynics the nutters and the just plain barmy There are questions about the Apocalypse war building your own Ark bagpipes over population sex sin credit cards heaven hell floods plagues frogs road humps love Morris dancing snakes and many other things besides At first it seems that the task of rewriting the story of the Creation the Universe and Everything will prove impossible But the Angels doggedly hold their own fending off the questioners like experienced batters fending off a succession of demon bowlers This book will make you laugh and make you think It will take you to places you didn t expect to go and in so doing reveal that everything you thought you knew was an illusion

**The Thematic Evolution of Sports Journalism's Narrative of Mental Illness** Ronald Bishop,2023-03-24 In The Thematic Evolution of Sports Journalism s Narrative of Mental Illness A Little Less Conversation Ronald Bishop contends that the conversation developed and sustained by sports journalists about professional athletes experience with mental illness has evolved through three slightly overlapping stages each marked by a primary theme During the first stage from the end of the 19th Century to the middle of the 20th century sports journalists sensationalized the experience and portrayed the athletes breathlessly labeled insane as tragic figures

During the roughly two decade second stage an athlete s experience with mental illness was portrayed as an inconvenience that flummoxed and infuriated team officials who had neither the ability nor the inclination to address the issue The final stage leading up to present day and beyond is most notable for the development and widespread adoption of a coverage template that centers around an athlete s brave decision to reveal and discuss their experiences Combining historical research and narrative analysis Bishop interrogates whether sports journalists have finally begun to cover the experience of mental illness with sufficient depth Scholars of media studies journalism celebrity studies and sports psychology will find this book of particular interest
