**Perfectionism and Contemporary Feminist Values** Kimberly A. Yuracko, 2003-02-26 Although formal barriers to women s social and political participation have crumbled society remains to a significant degree gendered in the roles that women and men play Women s and men s choices regarding work and family are largely responsible for maintaining and reinforcing the differences While feminists recognize the need to criticize women s choices too often they focus on restrictive conditions rather than the choices themselves Kimberly A Yuracko argues instead that encouraging women to make choices in accordance with a grounded and well defined conception of perfectionism a philosophy concerned with human flourishing is

the most effective way to redress persistent gender inequality To this end Yuracko seeks not only to expose the perfectionism underlying current choice critiques but to articulate a concrete set of feminist perfectionist principles that would improve the quality of individual women s lives and improve the social standing of women as a whole Love A Treatise on the Science of Sex-Attraction Bernard S.
