Weeping Before An Empty Tomb:

Seizing the Nonviolent Moments Nancy Small, 2015-01-08 Life is filled with opportunities to practice nonviolence. If we kept track we'd be surprised at how often we get to choose a violent or nonviolent response to a given situation. Seizing these moments is a spiritual practice that shapes a nonviolent heart. Many people doing this together shapes the heart of a nonviolent world. This book is a humble and accessible approach to nonviolence based on the belief that no one is perfectly nonviolent. We are all works in progress. Each chapter presents an imaginative interpretation of a scripture story about seizing a nonviolent moment that sheds new light on nonviolence and its spirituality. Stories of contemporary peacemakers woven throughout offer lessons for living a spirituality of nonviolence for our times. Prophetic words from the US Catholic bishops emphasize the essential role of peacemaking in renewing the earth. Questions following each chapter inspire personal reflection and make the book a welcome resource for classrooms, parishes, and small groups. The more we seize the nonviolent moments in our lives, the more we are transformed by them. And the more we experience the power of nonviolence within ourselves, the more we believe in its potential to transform our troubled world. *Weeping Before an Empty Tomb* Mike

al-Jibouri, 2011-12-19 YASIN T AL JIBOURI is an Iraqi American writer, author, editor, and translator who has as many as 54 titles to his credit. Details of these works and of his other activities are provided in the Preface to this book as well as front cover images of some of these works on pages 46-75. He holds a Masters degree in English from an American university and he taught English in his home country, Iraq, and in Saudi Arabia and the United States. Presently he is writing his major work titled *Allah: The Concept of God in Islam* in two volumes, as well as *A Dictionary of Islamic Terms* also in two volumes. This book is an attempt to bring Christians and Muslims of the world closer to each other to bridge the gap between them to establish an alliance among them so that they may together be able to face the challenges of the present and of the future. One of these challenges is extremism, the new menacing plague that is endangering the lives of so many people from both creeds and from others. Knowledge, right and accurate knowledge, is powerful and such power can be put to good use to clear misconceptions, remove doubts and suspicions, and establish trust and understanding among followers of both creeds. Philosophically, this book cites many first-hand references to prove that unfortunately, present-day Christianity, regardless of any of its many denominations, has truly distanced itself from the original word preached by Jesus Christ. It traces the times and circumstances when concepts of son of God, Holy Trinity, and salvation crept into Christianity and distorted the pristine faith brought by Christ. At the same time, it highlights Qur'anic verses that beautifully paint a portrait of Jesus Christ and his saintly virgin mother, Mary, testifying to the truth brought by Christ to his miracles, guidance, and truth. The information is presented in a flowing style that captures the attention of any reader, including one who just is looking for a good story to

Eve Was Named an Apostle Daniel R. Schneider,2023-03-28 This book investigates the movement of the Eve parallelism along the chain of tradition focusing primarily upon the female characters of the Gospel of John The principal aim is to explore their interrelationship with the mother of Jesus who in the developed ecclesial tradition is eventually given the title New Eve Accordingly this work examines the motif of woman in the Fourth Gospel by probing the use of the nuptial metaphor where female narrative characters are presented both as idealized disciples and fictive brides of the divine Bridegroom By means of a common narrative critical approach this book then engages the thought of Hippolytus of Rome as found in his Commentary on the Song of Songs Specifically it explores how his focus upon the myrrophores is an expansion of the Johannine tradition and one in which the nuptial metaphor takes on an ecclesial significance By presenting the primordial garden in a narrative climax whereby a symbolic recapitulation occurs in the resurrection garden Hippolytus shifts the Eve parallelism from the mother of Jesus to the Magdalene This in turn is early evidence of a confluence of understanding whereby she is not only disciple but also both Eve and apostola apostolorum **The Islamic Review** ,1922 **Loving messages, addresses, sequel to Heart-lessons** Louisa Clayton,1884 Counsels and thoughts for the spiritual life of believers [by T.
