near our houses The malfunctioning of raw food items is also prominent In this book we have cited 26 food recipe illustrations Due to the lack of a nutritional diet we sought to map culinary art with simple day to day meals discuss the benefits of food combinations and portray India s cooking less oily and spiciness Additionally it is important to buy food items from good stores Hopefully this whole effort will help people the Eat Right the Live Right Follow their own diet Just modify their cooking style and learn to cook recipes that are palatable and nutritious It is not necessary to cook shared food recipes However the idea is to spread words that we need to educate ourselves on cooking rights and eating healthy Best wishes
