Gish,1996 The American Southwest has assumed the status of a cultural icon over the last few decades and one of the writers
who helped it to do so was Erna Fergusson named by the Hopis Beautiful Swift Fox An Anglo American whose travel writing
featured the multi ethnicity of her region she popularized the culture and landscapes of her native New Mexico and its
surrounding states in a range of writing that prefigured the genre defying art that has come to be called the New Journalism
Much has been written about New Mexico s remarkable Fergusson family especially brother Harvey and his novels But Erna
Fergusson s literary career has been largely overlooked An iconoclast at the forefront of the Southwest Renaissance
movement Erna gained a wide reputation beginning in the 1930s for her written versions of the Southwest which embraced
the complexities of regional culture and sympathetically and intelligently portrayed the Indian and Mexican influences
Distinguished Southwestern writer Robert Franklin Gish assesses Fergusson s literary contributions and unlocks the inner
workings of the prose stylist who operated at the interstices of genres With his postmodern reappraisal of the creative
nonfiction forms she used Gish prompts readers to reconsider how they view the art of nonfiction writing Gish argues
persuasively that Fergusson s identity as a native New Mexican and the region s singular landscape informed the attitudes
and values present in her art He explores the ways her entrepreneurial stint as a New Mexico tour guide during the 1920s
and 1930s shaped the organizational strategies for her writing He considers thoughtfully her various forms of writing and
how she used travelogue journalistic report popular history and persuasive essay to elevate the Southwest to prominence
Gish shows her writing as highly evocative descriptive and metaphorical defying the conventions of the nonfiction forms she
used and paving the way for America s school of New Journalism *Beautiful Swift Fox* is not strictly biography nor does it in a
traditional sense seek to explicate a body of work Rather like its subject it bridges genres offering a meditation on one
