Studies in Ancient Coinage from Turkey Richard Ashton, 1996 A report on seven hoards of Greek and Greek Imperial coins four hoards of Roman Imperial coins and catalogues of six other collections of mostly provenanced coins There is also a die study of the extensive bronze coinage of Gordian III minted at 6 Caesarea in Cappadocia This volume provides a companion to Recent Turkish Hoards and Numismatic Studies

The Routledge Handbook of the Byzantine City Nikolas Bakirtzis, Luca Zavagno, 2024-01-31 The Byzantine world contained many important cities throughout its empire Although it was not urban in the sense of the word today its cities played a far more fundamental role than those of its European neighbors This book through a collection of twenty four chapters discusses aspects of and different approaches to Byzantine urbanism from the early to late Byzantine periods It provides both a chronological and thematic perspective to the study of Byzantine cities bringing together literary documentary and archival sources with archaeological results material culture art and architecture resulting in a rich synthesis of the variety of regional and sub regional transformations of Byzantine urban landscapes Organized into four sections this book covers Theory and Historiography Geography and Economy Architecture and the Built Environment and Daily Life and Material Culture It includes more specialized accounts that address the centripetal role of Constantinople and its broader influence across the empire Such new perspectives help to challenge the historiographical balance between margins and metropolis and also to include geographical areas often regarded as peripheral like the coastal urban centers of the Byzantine Mediterranean as well as cities on islands such as Crete Cyprus and Sicily which have more recently yielded well excavated and stratigraphically sound urban sites The Routledge Handbook of the Byzantine City provides both an overview and detailed study of the Byzantine city to specialist scholars students and enthusiasts alike and therefore will appeal to all those interested in Byzantine urbanism and society as well as those studying medieval society in general

Cultural Encounters on Byzantium's Northern Frontier, c. AD 500-700 Andrei Gandila, 2018-10-25 Reinterpretation of the Danube frontier in Late Antiquity drawing on literary archaeological and numismatic sources

The Roman Monetary System Constantina Katsari, 2011-02-24 The Roman monetary system was highly complex It involved official Roman coins in both silver and bronze which some provinces produced while others imported them from mints in Rome and elsewhere as well as in the East a range of civic coinages This is a comprehensive study of the workings of the system in the Eastern provinces from the Augustan period to the third century AD when the Roman Empire suffered a monetary and economic crisis The Eastern provinces exemplify the full complexity of the system but comparisons are made with evidence from the Western provinces as well as with appropriate case studies from other historical times and places The book will be essential for all Roman historians and numismatists and of interest to a broader range of historians of economics and finance
