APPLIED ANTHROPOLOGY

TYRANNOSAURUS REX

Applied anthropology is a subfield of anthropology that applies anthropological knowledge, theories, and methods to solve practical problems and meet specific goals in real-world settings. This can include areas such as business, education, health care, development, human rights, and the design of technologies and products. The goal of applied anthropology is to use an anthropological perspective to understand human behavior and culture and to improve the quality of life for individuals and communities.
