Yong Huang offers in the introduction a clear and detailed explanation of the methodology employed throughout the work, which presents a practical balance between scholarly research and light reading. Yong's work is an important addition to the field of language study and will be a welcome supplement to anyone's vocabulary building tools.

Edward A. Roberts, Professor Emeritus of Central Michigan University, author of *A Comprehensive Etymological Dictionary of the Spanish Language*. Yong Huang's book filled a niche on my language learning bookshelf I hadn't even thought of before. The system works as an efficient road map to boosting vocabulary by steering readers directly to the most effective words for building understanding and fluency fast, while pointing out shortcuts and possible pitfalls along the way. It's especially useful for well-read adults and polyglots.
