The Sea Wives Handbook

Ralph Darlington

The Sea Wives Handbook:

The Sea Wife's Handbook, 1971 *The Dead Wife's Handbook* Hannah Beckerman, 2015-01-06 Rachel Max and their daughter Ellie had the perfect life until the night Rachel's heart stopped beating. She was thirty-six. Just as her family can't forget her, Rachel can't quite let go of them either. Caught in a place between worlds, Rachel watches helplessly as she begins to fade from their lives. This fresh debut novel touches on the various stages of bereavement from denial to acceptance. As Max and Ellie work through their grief, Rachel too struggles to come to terms with her death. And as her husband starts to date again, Rachel realizes that one day Max will find love and that Ellie will have a new mother figure in her life. *The Dead Wife's Handbook* is a heartwarming and touching book, very commercial in its approach and a compelling read. It will touch a wide readership and is a perfect read for fans of the bestseller *The Lovely Bones*. Skyhorse Publishing, as well as our Arcade, Yucca, and Good Books imprints, are proud to publish a broad range of books for readers interested in fiction, novels, novellas, political and medical thrillers, comedy, satire, historical fiction, romance, erotic and love stories, mystery, classic literature, folklore, and mythology. Literary classics including Shakespeare, Dumas, Wilde, Cather, and much more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home. *The Sea Wife's Handbook*, 1970

The Sea Wife's Handbook Joyce Sleightholme, 1976 **The North Carolina Booklet** Martha Helen Haywood, Mrs. Hubert Haywood, Mary Hilliard Hinton, 1905 *The Earth Chronicles Handbook* Zecharia Sitchin, 2009-03-27 An encyclopedic compendium of the myths and actual events from humanity's ancient civilizations that reveal the influence of visitors from the 12th planet, the Anunnaki. Offers easy access to the myriad characters and subjects covered by the seven books of *The Earth Chronicles* series. Provides alphabetical listings to the terminology of ancient civilizations concerning their gods, kings, cultures, and religions. Contains detailed summations, commentaries, and instructions for locating topics within all the author's books. *The Earth Chronicles* series: a historical and archaeological adventure into the origins of mankind and planet Earth began with the publication of the bestselling *The 12th Planet*. The series is based on the premise that the myths from the world's earliest civilizations were in fact recollections of actual events and that the gods of ancient peoples were visitors to Earth from another planet, the Anunnaki, inhabitants of the 12th planet. The series books include *The 12th Planet*, *The Stairway to Heaven*, *The Wars of Gods and Men*, *The Lost Realms*, *When Time Began*, *The Cosmic Code*, and *The End of Days*, all products of the author's unmatched study of the ancient records of Sumer, Babylonia, Assyria, Israel, and Egypt and the civilizations of pre-Columbian America. Unearthing the hidden history of Earth and mankind, the series uses the past to unveil the meaning of the prophesied future. Zecharia Sitchin has created an encyclopedic compendium of the key figures, sites, concepts, and beliefs to provide a unique navigational tool through this entire opus. Entries are coded to indicate at a glance their cultural origin and contain summations, commentaries, and guidance for locating the topics within all of his books.
