their genesis Love according to Ficino is the force that inspired the creation of the worlds of the angelic mind the soul and the material and it is through love that each of these worlds expands into the next Love is also the vehicle that allows human beings to make the return journey to the source of their being where they find unity in God This is the path on which all of Shakespeare's lovers embark Jill Line explains how Shakespeare's plays represent more than poetic literary constructs They are mirrors of the progress of the soul in many conditions and situations as it returns to the divine unity of all things
