The Selected Poems Of Tao Chien:

The Selected Poems of T'ao Ch'ien Tao Chien,2016-08-01 T ao Ch ien 365 427 C E one of the most revered poets in classical Chinese literature is presented in a lucid translation with an introduction David Hinton is one of the most impressive of the younger translators of classical Chinese poetry His renderings are varied and imaginative while remaining faithful to the spirit of the original Burton Watson *Choosing to Be Simple* Tao Yuanming,2023-11-07 Navigating the uncertainty of a divided China wracked by warfare and corruption Tao Yuanming s poetry expertly translated by Red Pine chooses the path walked by China s ancient sages finding joy in living a simple life The latest work in Red Pine s rich career of translation *Choosing to be Simple* Collected Poems of Tao Yuanming is a definitive portrait of the early Chinese politician and poet Thoroughly researched and beautifully translated this bilingual collection of over 160 verses chronicles Tao Yuanming s path from civil servant to reclusive poet during the formative Six Dynasties period 220 589 Familiar scenes like farming and contemplating the nature of work and writing are examined with intimate honesty As Red Pine illuminates Tao Yuanming s sensitive voice we find the poet s solace and sorrow in a China transformed by modernity Tao Yuanming s distinct verse shows a keen attention to rhythm as he explores the tension of scarcity and indulgence duty and escape Reverberating with clarity and sincerity and laced with humor the poems of *Choosing to Be Simple* portray a man s timeless desire to live by the principles enshrined by China s sages Guided by Tao Yuanming s own wonderment we too find ourselves asking Why did I ever question my heart We are encouraged to find joy in simplicity the tending of a garden the sharing of wine with a stranger **Mencius** David Hinton,2015-06-09 This ancient text records the teachings of Mencius 4th c B C E the second originary sage in the Confucian tradition which has shaped Chinese civilization for over two thousand years In a culture that makes no distinction between those realms we call the heart and the mind Mencius was the great thinker of the heart and it was he who added the profound inner dimensions to the Confucian vision Given his emphasis on the heart it isn t surprising that his philosophical method is very literary in nature story and anecdote full of human drama and poetic turns of thought Indeed the text is considered a paragon of literary eloquence and style Mencius strikingly contemporary empiricism represented a complete secularization of the spiritualist concepts of governance that had dominated China for over a millenia He invested the humanist Confucian vision with its inner dimensions by recognizing that the individual is an integral part of a self generating and harmonious cosmos He saw all the spiritual depths of that cosmology inside us and this led to a mystical faith in the inherent nobility of human beings In his chaotic and war ravaged times he was therefore passionate in his defense of the people Indeed he advocated a virtual democracy in which a government s legitimacy depended upon the assent of the people Such is the enduring magic of the Mencian heart full of compassionate and practical concern for the human condition and yet so empty that it contains the ten thousand transformations of the entire cosmos *Selected Poems* Qian Tao,1993 **Classical Chinese Poetry** David Hinton,2008-10-14 An anthology of nearly five hundred classical

Chinese poems edited and translated into English by David Hinton **Why It's OK to Be a Slacker** Alison Suen,2021-04-08
Stop slacking off Your parents may have said this to you when you were deep into a video gaming marathon Or maybe your roommate said it to you when you were lounging on the couch scrolling through Instagram You may have even said it to yourself on days you did nothing But what is so bad about slacking Could it be that there s nothing bad about not making yourself useful Against our hyper productivity culture Alison Suen critically interrogates our disapproval of slackers individuals who do the bare minimum just to get by She offers a taxonomy of slackers analyzes common objections to slacking and argues that each of these objections either fails or carries problematic assumptions But while this book defends slacking it does not promote the slacker lifestyle as the key to something better such as cultural advancement and self actualization as some pro leisure scholars have argued In fact Suen argues that slacking is unique precisely because it serves no noble cause Slacking is neither a deliberate protest to social ills nor is it a path to autonomy Slackers just slack By examining the culture of hyper productivity Suen argues that it is in fact OK to be a slacker Key Features Demonstrates the uniqueness of slacking via a critical examination of six distinct pro leisure philosophical accounts Articulates a taxonomy of slackers as well as in depth examinations of Hollywood slackers and slackers in academia Examines common objections to slacking like the freeloading problem and offers a rebuttal to each of them Offers an understanding of our productivity culture from an existential perspective *Studies on Chinese Literary Classics from the Western Perspective* Xiaoyan Yin,2026-02-27 *Studies on Chinese Literary Classics from the Western Perspective* With Stephen Owen s Reflections as a Case examines approaches to Chinese literary classics within Western academic contexts using Stephen Owen s scholarship as its primary case Through analyses of Owen s major works on classical Chinese poetry and literary theory the book outlines key cross cultural research methodologies including historical periodization intertextual analysis and comparative hermeneutics and elaborates their implications for the study of the Chinese literary canon By situating Owen s research within traditional Chinese literary criticism the study addresses issues such as canon formation political and cultural frameworks gendered literary discourse and the interpretation of prominent classical authors within a broader comparative framework of Chinese literary studies Selected Poems of Tao Yuanming -- Series of Selected Classical Chinese Literature Commented|Xingpei, 徐公,1982 Roaming into the Beyond: Representations of Xian Immortality in Early Medieval Chinese Verse Zornica Kirkova,2016-06-27 In *Roaming into the Beyond* Zornica Kirkova provides the first detailed study in a Western language of Daoism inspired themes in early medieval Chinese poetry She examines representations of Daoist xian immortality in a broad range of versified literature from the Han until the end of the Six Dynasties focusing on the transformations of themes concepts and imagery within a wide literary and religious context Adopting a more integrated approach the author explores both the complex interaction between poetry and Daoist religion and the interrelations between various verse forms and poetic themes This book not only enhances our understanding of the complexities of early

medieval literature but also reevaluates the place of Daoist religious thought in the intellectual life of the period
