## The Senses:

**A Cultural History of the Senses in the Middle Ages** Richard G. Newhauser, 2014-10-23 Understanding the senses is indispensable for comprehending the Middle Ages because both a theoretical and a practical involvement with the senses played a central role in the development of ideology and cultural practice in this period For the long medieval millennium the senses were not limited to the five we think of speech for example was categorized among the senses of the mouth And sight and hearing were not always the dominant senses for the medical profession taste was more decisive Nor were the senses only passive receptors they were understood to play an active role in the process of perception and were also a vital element in the formation of each individual's moral identity From the development of specifically urban or commercial sensations to the sensory regimes of holiness from the senses as indicators of social status revealed in food to the Scholastic analysis of perception this volume demonstrates the importance of sensory experience and its manifold interpretations in the Middle Ages A Cultural History of the Senses in the Middle Ages presents essays on the following topics the social life of the senses urban sensations the senses in the marketplace the senses in religion the senses in philosophy and science medicine and the senses the senses in literature art and the senses and sensory media [Art and the Senses](#) Francesca Bacci, David Melcher, 2011-08-04 The senses play a vital role in our health our social interactions and in enjoying food music and the arts The book provides a unique interdisciplinary overview of the senses ranging from the neuroscience of sensory processing in the body to cultural influences on how the senses are used in society to the role of the senses in the arts **The Senses of Scripture** Yael Avrahami, 2012-06-15 The book discusses the experience and understanding of the senses in the culture represented in the Hebrew Bible **Poetry and the Fate of the Senses** Susan Stewart, 2002-01-20 What is the role of the senses in the creation and reception of poetry How does poetry carry on the long tradition of making experience and suffering understood by others With Poetry and the Fate of the Senses Susan Stewart traces the path of the aesthetic in search of an explanation for the role of poetry in culture Herself an acclaimed poet Stewart not only brings the intelligence of a critic to the question of poetry but the insight of a practitioner as well Her new study includes close discussions of poems by Stevens Hopkins Keats Hardy Bishop and Traherne of the sense of vertigo in Baroque and Romantic works and of the rich tradition of nocturnes in visual musical and verbal art Ultimately she argues that poetry can counter the denigration of the senses in contemporary life and can expand our imagination of the range of human expression Poetry and the Fate of the Senses won the 2004 Truman Capote Award for Literary Criticism in Memory of Newton Arvin administered for the Truman Capote Estate by the University of Iowa Writers Workshop It also won the Phi Beta Kappa Society's 2002 Christian Gauss Award for Literary Criticism *A History of the Senses* Robert Jütte, 2005 This path breaking book examines our attitudes to the senses from antiquity through to the present day Robert Jutte explores a wealth of different traditions images metaphors and ideas that have survived through time and describes how sensual impressions change the way in which we experience

the world Throughout history societies have been both intrigued or unsettled by the five senses The author looks at the way in which the social world conditions our perception and traces the rediscovery of sensual pleasure in the twentieth century paying attention to experiences as varied as fast food deodorization and extra sensory perception He concludes by exploring technological change and cyberspace reflecting on how developments in these fields will affect our relationship with the senses in the future The Senses in Late Medieval England C. M. Woolgar, Christopher Michael Woolgar, 2006-01-01

Oxbow says This fascinating study of how people understood and used their senses in the late medieval period draws on evidence from a range of literary texts documents and records as well as material culture and architectural sources **A**

**Tour of the Senses** John M. Henshaw, 2012-02-09 Ever wonder why some people have difficulty recognizing faces or why food found delicious in one culture is reviled in another John M Henshaw ponders these and other surprising facts in this fascinating and fast paced tour of the senses From when stimuli first excite our senses to the near miraculous sense organs themselves to the mystery of how our brain interprets senses Henshaw explains the complex phenomena of how we see feel taste touch and smell He takes us through the rich history of sensory perception dating back to Aristotle s classification of the five main senses and helps us understand the science and technology behind sensory research today A Tour of the Senses travels beyond our human senses Henshaw describes artificial sensing technologies and instruments unusual sensory abilities of the animal kingdom and techniques for improving rehabilitating and even replacing sense organs This entertaining introduction to sensory science is a clever mix of research findings and real world stories that helps us understand the complex processes that turn sensory stimuli into sophisticated brain responses *Understanding the Senses*

Carol Ballard, 2010-01-15 Introduces the senses describing our sense organs what information we receive through sensation reduced or lost senses and the feeling of pain **The Senses and the Intellect** Alexander Bain, 1872 **Deciphering the**

**Senses** Robert Rivlin, Karen Gravelle, 1984 The Word , 1910 The Senses Wolfgang von Buddenbrock, 1958 **The Senses in Self, Culture, and Society** Phillip Vannini, Dennis Waskul, Simon Gotschalk, 2011-10-15 The Senses in Self Culture and Society is the definitive guide to the sociological and anthropological study of the senses Vannini Waskul and Gotschalk provide a comprehensive map of the social and cultural significance of the senses that is woven in a thorough analytical review of classical recent and emerging scholarship and grounded in original empirical data that deepens the review and analysis By bridging cultural qualitative sociology and cultural humanistic anthropology The Senses in Self Culture and Sociology explicitly blurs boundaries which in this field are particularly weak due to the ethnographic scope of much research Serving both the sociological and anthropological constituencies at once means bridging ethnographic traditions cultural foci and socio ecological approaches to embodiment and sensuousness The Senses in Self Culture and Society is intended to be a milestone in the social sciences somatic turn **Annals of Mathematics** , 1912 The
