Peasant Pedlars and Professional Traders Ulrich Mai, Helmut Buchholt, 1987 Trading in the rural areas of developing countries provides a valuable source of cash income especially for small and landless peasants In a case study of the village of Kakas in the province of North Sulawesi Indonesia the authors depict the colourful market scene of a village pasar the selling and buying strategies of traders and customers and the characteristics of supply and demand They also shed light on the often neglected non economic aspects of the pasar such as its value for local communication and its role in the formation of a new sense of local identity and solidarity By means of studies of trader households this book also scrutinizes how rural households combine petty trade with other income generating activities such as cash cropping subsistence production wage labour and even work as a civil servant The authors also show how petty trade though highly efficient may well be an indicator of underdevelopment

The Time Traders Andre Norton, 2016-01-19

Chapter 1 To anyone who glanced casually inside the detention room the young man sitting there did not seem very formidable In height he might have been a little above average but not enough to make him noticeable His brown hair was cropped conservatively his unlined boy s face was not one to be remembered unless one was observant enough to note those light gray eyes and catch a chilling measuring expression showing now and then for an instant in their depths Neatly and inconspicuously dressed in this last quarter of the twentieth century his like was to be found on any street of the city ten floors below to all outward appearances But that other person under the protective coloring so assiduously cultivated could touch heights of encased and controlled fury which Murdock himself did not understand and was only just learning to use as a weapon against a world he had always found hostile He was aware though he gave no sign of it that a guard was watching

Embracing the Melody of Expression: An Mental Symphony within **Time Traders**

In some sort of taken by monitors and the ceaseless chatter of immediate communication, the melodic beauty and psychological symphony created by the written term often fade in to the back ground, eclipsed by the relentless noise and interruptions that permeate our lives.
