VOYAGING WITH THE WHALES  
Cynthia D'Vincent

"Cynthia D'Vincent's new book photographs reveal the power and grace of these marine giants as never before. She has spent years at sea, and like the whales, voyaging with them has altered her. Her goal has been to learn as much as possible about them, and to share her knowledge with the world. Bolder than a scientist, C. D'Vincent is also an explorer, representing high adventure, and surely contributing to get there an explorer, one of the few in the world who is pushing beyond to new behavioral grounds. Her work is in that just as important as what has been done elsewhere on deep-sea and open-ocean whales because the images are the only ones that show the whales and their unique lives."
