decade there has not been a supportive body of visual literature criticism in the English language. Books have appeared in the European languages but have never been translated. Richard Kostelanetz has assembled the first collection of critical essays in English that assesses the expanding range of creative activity encompassed by visual literature. Each of the essays is original with this volume. The contributors are John M Bennett, Geoffrey Cook, Charles Doria, Loris Essary, Raymond Federman, Engen Gomringer, Roland Grass, Dick Higgins, Emma Kafelanos, John Jacob Jerome, Klinkowitz, Aaron Marcus, Peter Mayer, Holly O Grady, Clive Phillpot, Bern Porter, Jonathan Price, Keith Rahmings, Stephen Scobie, David W Seaman, Fred Truck, Bolon Dzacab, Karl Young, Paul Zelevansky and the editor **Fiction of the Absurd** Allen Richard Penner, 1980

**Faik Konitza** Faik Konica, 2000 **Death on a Country Road** Desmond Fahy, Seán Farmer, Colm McCartney, 2006 The story of how two Derry GAA supporters returning from Croke Park were killed by loyalist paramilitaries operating an illegal checkpoint on a country road in South Armagh. On the way home that night through south Armagh Sean Farmer and Colm McCartney were stopped at what later transpired to be a bogus security forces checkpoint. Less than an hour later their bodies were found at the side of the road in the townland of Altnamackin a few miles outside Newtownhamilton. This book is the first attempt to tell the men's story. It is a vividly imagined re-creation of the time and circumstances of the murders coupled with an examination of their factual background. The murders were particularly significant because they represented the first time that the GAA had found itself targeted by terrorists in such a public and blatant way. Many more attacks on its members would follow in the next two decades. At its core this book reveals both the human stories of loss behind the headlines that the murders generated and the inadequate official investigation which followed. But above everything else this is the story of the lives and deaths on a country road in rural Armagh of Sean and Colm two friends on their way home from a football match. Weisman, 1993-08-21 We are often inclined to seek the assistance of professional authorities during a time of crisis such as a conflict of conscience, anxiety and impaired self-esteem, inability to feel part of a complex and confusing world or the troubling insecurity engendered by our own fallible coping strategies. Finding easy answers to challenging questions and problems is not an effective way to alleviate physical, spiritual or psychological distress. **The Vulnerable Self: Confronting the Ultimate Questions** is a courageous book about the quality of human existence as it relates to the significance of suffering and the value of being alive. Dr Avery Weisman, an esteemed psychiatrist and psychoanalyst, passionately articulates our courageous and sometimes skeptical search for an authentic self. He contends

that we are often inclined to seek the assistance of professional authorities during a time of crisis such as a conflict of conscience, anxiety and impaired self-esteem, inability to feel part of a complex and confusing world or the troubling insecurity engendered by our own fallible coping strategies. Finding easy answers to challenging questions and problems is not an effective way to alleviate physical, spiritual or psychological distress. **The Vulnerable Self: Confronting the Ultimate Questions** is a courageous book about the quality of human existence as it relates to the significance of suffering and the value of being alive. Dr Avery Weisman, an esteemed psychiatrist and psychoanalyst, passionately articulates our courageous and sometimes skeptical search for an authentic self. He contends

that a major obstacle is a person's propensity to suffer needlessly caused by a failure to recognize and deal objectively with underlying fundamental questions which Dr Weisman labels metaproblems. These include in particular the meaning of meaning, the justification of physical and spiritual deterioration, the need for morale and courage, and the motivations behind inevitable negotiations with our mortality. Dr Weisman empathetically points out the universality of vulnerability and how we can confront and understand the problems that haunt and undermine our existence. With rare wisdom and awareness of the traumas of the human condition, he thoughtfully characterizes the reader as a pilgrim whose existential search is likely to bring about isolation from the conventional values of society. The pilgrim's solitary journey begins when he or she is ready to take the initial steps of surrendering entrenched patterns of denial and self-deception by realizing that despair and the inability to cope are not inevitable but submerged motivations. *The Vulnerable Self* is a unique and inspiring work which offers true and authentic insight to lay readers of all spiritual persuasions as well as to psychiatrists, psychologists, psychotherapists, social workers, nurses, members of the clergy, and gerontologists. **Henry Moore** Henry Moore, 2000. A fresh look at Henry Moore's work from a Greek perspective. *Medicine as Culture* Deborah Lupton, 1994-09-23. At a time of increasing disillusionment with scientific medicine and the mythology of the beneficent god-like physician, there is also paradoxically a growing dependence on biomedicine to provide the answers to social as well as medical problems. This book illuminates why attitudes to medicine are characterized by such strong paradoxes and why issues of disease, illness, and the medical encounter are surrounded by controversy, conflict, power struggles, and emotion.
