Wacky Puzzles:

Wacky-Shaped Word Search Puzzles to Keep You Sharp Mark Danna,2004-03 What makes this collection of mind boggling word search puzzles unlike any other The shapes of each and every puzzle can be downright wacky at times Instead of looking for hidden words in a jumble of letters that usually comes in a ho hum square or rectangle the words in these grids form distinctive picture outlines that are directly related to the puzzles themes You get a grid in the shape of a charging bull for example in a puzzle about the stock market There are 58 word searches in all and each one is fun and challenging as well as a little different Book jacket
