*My Superman* David O. Idahosa, 2012-09 MY SUPERMAN David who always wanted to be a prolific and successful writer later found himself taking a step further to live in a hidden world where villains live and dwell He was committing crimes and was held behind bars He saw that the more friends he was having the farther he was walking from his dream Despite that addiction to crime which almost stole his life away he still would not relinquish his dream of becoming something he feels inclined to be that he so believed is what he will be judged with by God when he die He said he could see that crime can also be a product of the law and as a lack of social benefit A young African born into a vicious cycle of poverty in one of the most corrupt countries in the world And because of the political situation of his country which was on the brink of a civil war the lack of enough financial support from his impoverished family for him to run his education so as for him to be able to secure himself from danger by having a profession to work and live peacefully in his country He then decided to set on a formidable journey of life departed thence and traveled to Europe by land passing through the Sahara desert which he described as the hell on earth to Morocco and later to Spain Reaching Spain he proceeded farther on his adventurous journey that altered his life and dream only to make him discover the tragedies that later befell him and made him to send his ghost to live in the land where he was incarcerated by unending miseries seeing his life in peril and his dreams turning into nightmares In accordance with fact he became less preoccupied with his own problems as he looked to the three major problems engulfing the world which are hunger wars and terrorism He found politics more fascinating and when he tried to ascertain the facts about it he grasped that it was greed power and lust that were written in their agendas and it was disturbing his faith and beliefs in humanity He thought he could see how men chose to forbid love and peace to embrace enmities and conflicts he said he could see that if men cannot make a sacrifice to love their neighbors they will find themselves paying prices for destroying each other

*A Kind and Just Parent* William Ayers, 1998-06-01 Most people know juvenile offenders only from daily headlines and the images portrayed by the media are extreme and violent predators and even superpredators Distorted and incomplete these pictures shape the way Americans think and feel about city kids poor kids children of color *A Kind and Just Parent* gives us a transformative view of kids caught up in the justice system that we could never get from nightly news and newspaper stories William Ayers has spent five years as teacher and observer in Chicago s Juvenile Court prison the nation s first and largest institution of juvenile justice founded by legendary reformer Jane Addams to act as a kind and just parent for kids in need Today immensely confused and confusing it serves as a perfect microcosm of the way American justice deals with children Through brilliant storytelling Ayers captures the lives and personalities of young people caught up in the juvenile justice system The book follows a year in the life of the prison school Its characters are three dimensional funny quirky sometimes violent and often vulnerable We see young people talking about their lives analyzing their own situations and thinking about their friends and their futures We watch them throughout a school year and meet some

remarkable teachers From the intimate perspective of a teacher Ayers gives us portraits history and analysis that help us to understand not only what brought these kids into the court system but why people find it hard to think straight about them and what we might do to keep their younger brothers and sisters from landing in the same place Unsentimental yet wrenching *A Kind and Just Parent* is a riveting look at kids and crime It will change the way Americans think about juvenile crime and juvenile justice

*Mortal Doubt* Anthony W. Fontes,2018-11-06 The fear of violent crime dominates Guatemala City In the midst of unprecedented levels of postwar violence Guatemalans struggle to fathom the myriad forces that have made life in this city so deeply insecure Born out of histories of state terror migration and US deportation maras transnational gangs have become the face of this new era of violence They are brutal organizations engaged in extortion contract killings and the drug trade and yet they have also become essential to the emergence of a certain kind of social order Drawing on years of fieldwork inside prisons police precincts and gang dominated neighborhoods Anthony W Fontes demonstrates how gang violence has become indissoluble from contemporary social imaginaries and how these gangs provide cover for a host of other criminal actors Ethnographically rich and unflinchingly critical *Mortal Doubt* illuminates the maras role in making and mooring collective terror in Guatemala City while tracing the ties that bind this violence to those residing in far safer environs
