Early Bird Special Bud Simpson,2005-10 Forsyth sat on the step of the parking lot office reading the Monday morning newspaper The same little tombstone notice had appeared in the paper three times now just like clockwork He wasn t given to reading the paper s legal notices but a news clipping containing a foreclosure notice on the lot had been mailed to Harry by Fidelity Union Bank a few weeks earlier and he d opened it by mistake Since then he d located it in the paper and read it for himself every week He was fascinated to see his brother s name in the paper amidst all that legal jargon It wasn t often that anything about his family was worthy of print The last time was his father s obituary It seemed that the occasions were always sad ones But then so was just about everything else in the newspaper According to the notice an auction of the lot would take place on the steps of the county courthouse a week from Tuesday at nine thirty The public was invited to attend and submit bids He could go He was a member As a matter of fact the public was the only group he belonged to

The Matador's Cape Stephen Holmes,2007-04-23 The Matador s Cape delves into the causes of the catastrophic turn in American policy at home and abroad since 9 11 In a collection of searing essays the author explores Washington s inability to bring the enemy into focus detailing the ideological bureaucratic electoral and not least emotional forces that severely distorted the American understanding of and response to the terrorist threat He also shows how the gratuitous and disastrous shift of attention from al Qaeda to Iraq was shaped by a series of misleading theoretical perspectives on the end of deterrence the clash of civilizations humanitarian intervention unilateralism democratization torture intelligence gathering and wartime expansions of presidential power The author s breadth of knowledge about the War on Terror leads to conclusions about present day America that are at once sobering in their depth of reference and inspiring in their global perspective
