**American Populist** Thomas E. Patterson, 2025-02-14 Thomas E

Patterson's monumental biography of Huey Long is a profound reevaluation of his life and legacy recognizing him as an inspirational progressive thinker populist hero and radical influence on the New Deal before an assassin's bullet ended his life in 1935. First as governor and then as U.S. senator Long transformed the politics of Louisiana by standing for the interests of citizens whom state officials had historically ignored. He eased suffrage restrictions so that more people could vote and voters endorsed his program of more robust government services and shifting the tax burden to those better able to pay. In the United States Senate during the darkest days of the Great Depression he advocated loudly and ceaselessly for the redistribution of wealth expanding public works increasing the money supply insuring bank deposits paying old age pensions and veterans benefits delivering a minimum income for families and funding college and vocational education. President Franklin D. Roosevelt along with other politicians and pundits dismissed Long's proposals as nonsense put forth by a reckless demagogue in search of votes. Despite several biographies acclaimed novels and historical studies in the years since Long's death his reputation today is mostly caricature a spellbinding speaker a dictator a populist firebrand who was unprincipled and corrupt. Using previously untapped personal papers of Long and his son Russell other primary sources recent scholarship and his experience as a lawyer Patterson provides a necessary corrective as he analyzes the contours of Long's career deconstructs the elements of his success undercuts several myths related to his time in office and explains the circumstances that led to his ultimate downfall. The result is the most comprehensive balanced and analytical study of the Kingfish to date.
