Studies in Christian Existentialism John Macquarrie, 1965-01-01 **Studies in Christian Existentialism : lectures and essays** John Macquarrie, 1966 Unamuno, Berdyaev, Marcel C. A. Longhurst, 2021-10-01 This book seeks to examine the mutual interplay between existentialism and Christian belief as seen through the work of three existentialist thinkers who were also committed Christians a Spaniard Miguel de Unamuno a Russian Nikolai Berdyaev and a Frenchman Gabriel Marcel They are compared with each other and with leading non religious existentialists The major themes studied include reason freedom the self belief hope love suffering and immortality *Christianity and the Existentialists* Carl Michalson, 1956 The chapters included in this volume were delivered in their original form as public lectures in Craig Chapel of Drew University during the academic year 1953 54 They comprise the fifteenth series of lectures to Christian Biography on a foundation established by President and Mrs Ezra Squier Tipple The selection of the participants in the lectureship followed easily upon the choice of the subject The lecturers were assembled under a commission entitled The Challenge of Christian Existentialism The major motive in this title is clear A cultural movement which is exercising so great an influence upon the reformulation of Christian thought deserves to be appraised Preface *Christianity and Existentialism* William A. Earle, William Earle, James M. Edie, John Wild, 1963 Heidegger Sartre and the later existentialist philosophers inherited a world it has been said from which God is absent Contemporary philosophy begins in the momentous questioning of the Christian experience by such nineteenth century figures as Nietzsche and Dostoyevsky But if existentialism is in some respects a beginning again it is in other respects linked to the classical world out of which Christianity arose and to certain themes in the writings of ancient and medieval Christians Renewal and innovation converge Addressing themselves to the general reader the three author philosophers consider both the contemporary and the perennial Book jacket Studies in Christian Existentialism: Lectures and Essays John MacQuarrie, 1966 Existential Theology Hue Woodson, 2020-09-29 Existential Theology An Introduction offers a formalized and comprehensive examination of the field of existential theology in order to distinguish it as a unique field of study and view it as a measured synthesis of the concerns of Christian existentialism Christian humanism and Christian philosophy with the preoccupations of proper existentialism and a series of unfolding themes from Augustine to Kierkegaard To do this Existential Theology attends to the field through the exploration of genres the European traditions in French Russian and German schools of thought counter traditions in liberation feminist and womanist approaches and postmodern traditions located in anthropological political and ethical approaches While the cultural contexts inform how each of the selected philosopher theologians present genres of existential theology other unique genres are examined in theoretical and philosophical contexts particularly through a selected set of theologians philosophers thinkers and theorists that are not generally categorized theologically By assessing existential theology through how it manifests itself in genres this book brings together lesser known figures well known thinkers and figures that are not generally viewed as existential

theologians to form a focused understanding of the question of the meaning of existential theology and what existential theology looks like in its varying forms

The Christology of John Macquarrie Vernon L. Purdy, 2009 The Christology of John Macquarrie comprehensively scrutinizes the life and writings of Scottish born systematic theologian and philosopher John Macquarrie 1919-2007 in an attempt to comprehend and evaluate his Christology The author examines the people e.g. Heidegger, Schleiermacher, the philosophical and theological positions and the writings that formed Macquarrie's thinking One major influence was his commitment to modern critical theology including the premise that in the modern world the only acceptable Christological tenets are those that can stand up to the scrutiny of modern critical reasoning The work concludes that this commitment profoundly shaped Macquarrie's theology especially his Christology The book also discusses Macquarrie's evaluation and criticisms of the Christology of other theologians e.g. Kierkegaard, Moltmann, Pannenberg and others concluding that Macquarrie's understanding of the Christian faith and the person of Jesus Christ is consonant with modern liberal Anglo-Catholicism This idea furthers the argument that Macquarrie's reluctance to accept traditional incarnational categories suggests that his Christology is a modern form of Adoptionism

A Phenomenology of Love as Event Nikolaas Cassidy-Deketelaere, 2025-12-11 Rescuing Rudolf Bultmann from Heidegger's shadow Nikolaas Cassidy-Deketelaere presents a philosophical reading of his theology which reveals his unique phenomenology of love as an event *The Scope and Limits of John Macquarrie's Existential Theology* David Jenkins, 1987

Representation and Substitution in the Atonement Theologies of Dorothee Sölle, John Macquarrie, and Karl Barth Jeannine Michele Graham, 2005 How does what happened 2000 years ago in the life, death, resurrection, and ascension of Jesus Christ radically alter the human nature and life situation of men and women in every generation up to the present day Pursuit of this question provided the initial impetus for this book a study of two vital themes pertaining to the doctrine of atonement: representation and substitution The author explores their meaning and role within the theologies of three significantly diverse contemporary theologians: Dorothee Sölle, John Macquarrie, and Karl Barth concluding with a comparative analysis of all three perspectives in relation to each other

Existentialism and Phenomenology Leonard Orr, 1978 The compiling of a bibliography requires both a thorough knowledge of the subject and the ability to discriminate effectively Success depends as much on the clear definition of focus as on the evaluation of the texts considered Orr succeeds on each count thereby rendering an invaluable service to students and scholars alike Particularly interesting is the inclusion of works devoted to the interrelatedness of existentialism and the political and social sciences And extremely helpful are the notations referring the researcher to sections of a work either of particular significance or pertinent to a specific point of view An excellent introduction emphasizes the movement away from the fundamental ontological concerns of existential thought Orr's effort to resituate the

research within the original dimensions of existentialism and phenomenology as exploratory processes as opposed to intellectual systems is most commendable FRENCH REVIEW **Kierkegaard** Sylvia Walsh,2008-11-14 S ren Kierkegaard 1813 1855 was first and foremost a Christian thinker who is perhaps best known for his devastating attack upon Christendom or the established order of his time Not since Luther has there been a Protestant thinker who has so uncompromisingly sought to define and present Christianity in its utmost integrity Characterizing Christianity as an existence communication rather than a doctrine Kierkegaard sought to portray what it means to be a Christian in the strictest sense in the interest of reintroducing authentic Christianity as an existential possibility for every individual in the modern age Sylvia Walsh explores Kierkegaard s understanding of Christianity and the existential mode of thinking theologically appropriate to it in the context of the intellectual cultural and socio political milieu of his time She contrasts his approach with objective ways of doing theology which in his view falsify Christianity and the believer s relation to it The study begins with a biographical overview of the personal and intellectual influences theological upbringing important events and phases of authorship in Kierkegaard s life Walsh highlights some of his most important contributions to Christian thought concerning the Christian understanding of God our human condition in anxiety sin and despair and the task of becoming a self before God Christ as the absolute paradox redeemer and prototype the Christian life of faith hope and love and the relation of religion culture and society

Philosophical Resources for Christian Thought ,1968 **A Christian Perspective of Postmodern Existentialism** John D. Carter,2021-06-08 The Western Humanism originating in classical Greek philosophy where the capacity of human reason became the dominant means for perceiving a worldview based in reality reigned in Western philosophy until the onset of Postmodern Existentialism in the mid twentieth century Plato s Theory of Forms prepared the Western gentile mind to accept the rationality of a transcendent ultimate reality and in so doing steered the gentile mind from its bent to pantheistic deities The apostle Paul boldly proclaimed to the Athenians that their unknown god was indeed the transcendent God of Abraham Isaac and Jacob Christianity prevailed in Western philosophy until the Enlightenment which was the result of the unprecedented success of the scientific method began to turn the Western mind to the existentialistic idea of the relativity of moral truth To Be or Not To Be David Moffett-Moore,2017-11-27 Existentialism is a philosophical school of thought unique in being based on feeling and experience rather than on the traditional foundations of philosophy Many of its proponents have been atheists or can be considered opponents of religion With this history can there be such a thing as a Christian existentialism Dr David Moffett Moore believes there can be In this book he outlines the basics of existentialist thought and a path to a Christian existentialist viewpoint The Splendid Risk Bernard I.
