Daughters of the Church Ruth A. Tucker, Walter L. Liefeld, 2010-08-10 Rich in historical events and colorfully written this fascinating account of women in the church spans nearly two thousand years of church history It tells of events and aspirations determination and disappointment patience and achievement that mark the history of daughters of the church from the time of Jesus to the present The authors have endeavored to present an objective story The very fact that readers may find themselves surprised now and again by the prominent role of women in certain events and movements proves an inequality that historical narrative has often been guilty of This is a book about women It is a setting straight off the record a restoring of balance to history that has repeatedly played down the significance of the contributions of women to the theology the witness the movements and the growth of the church An exegetical study of relevant Scripture passages offers stimulating thought for discussion and for serious reevaluation of historical givens This volume is enriched by pictures appendixes bibliography and indexes Like many of the women whose stories it tells this book has a subdued strength that should not be underestimated *Studies in the Epistles and Revelation* William Brooks Taylor, 1910 **Synthetic Bible Studies** James Martin Gray, 1900 *Studies in Tolerance of New England Forest Trees* Anna Shepard Lutman, Charles Howland Jones, George Plumer Burns, George Richard Burns, Howard Bowman Ellenberger, Joseph Lawrence Hills, Marshall Baxter Cummings, Philip K. Hooker, Vermont Agricultural Experiment Station, Burch Hart Schneider, E. F. Boyce, Erwin Wheat Jenkins, G. F. Anderson, 1925 **T&T Clark Handbook of Asian American Biblical Hermeneutics** Uriah Y. Kim, Seung Ai Yang, 2019-05-30 The first reference resource on how Asian Americans are currently reading and interpreting the Bible this volume also serves a valuable role in both developing and disseminating what can be termed as Asian American biblical hermeneutics The volume works from the important background that Asian Americans are the fastest growing ethnic racial minority population in the USA and that 42% of this group identifies as Christian This provides a useful starting point from which to examine what may be distinctive about Asian American approaches to the Bible Part 1 of the Handbook describes six major ethnic groups that make up 85% of Asian population by country of origin China Philippines Indian Subcontinent Vietnam Korea Japan and outlines the specific concerns each group has when its members read the Bible Part 2 of the Handbook examines major critical methods in biblical interpretation and suggests adjustments that may be helpful for Asian Americans to make when they are interpreting the Bible Finally Part 3 provides 25 interpretations by Asian American biblical scholars on specific texts in the Bible using what they consider to be Asian American hermeneutics Taken together the Handbook interprets the Bible both with and for the Asian American communities **Studying the New Testament** Bruce Chilton, Deirdre Joy Good, 2010-07-01 This book offers an introduction to the literature of the New Testament demonstrating

how these writings can be approached and critically studied in an academic setting Bruce Chilton and Deidre J Good two respected New Testament scholars provide a narrative of the historical context and social world of the books of the New Testament a chronological survey of the Gospels and letters and the remaining writings Apocrypha Apocalyptic with their special focus on the emerging church Together with textboxes exercises questions further readings maps timeline and glossary this brief introduction surveys and employs leading methods of study and equips students with the general literacy needed for successful and serious study of New Testament writings **Women and the Curse** Rodney L.

Thomas,2022-10-16 The book explores the matter of sexuality from the creation into the long history of Judaism and the church In this book I highlight how many of the preconceived notions of how God perceives women and roles that He has for them are not the way most people that attend our churches perceive them We have been dramatically effected by Greek thoughts regarding women and have also been dominated in our thinking by warfare mentality The value of a person has been weighted by their ability to wage war Even in this arena there are women who have proven their giftedness and their skill I believe that if you carefully examine the matters set out in this book you will come to understand that so much of the evidence for the role of women in the church is based upon flimsy and biased evidence If you open your heart and mind I believe this book can help you to see a new way forward in helping the church promote the spirit of unity and respect between human beings that God desires and has Himself **Studies in First Timothy** Alfred Rowland,1985-09-01
