## Teacher Plus Of Projects:

**Project Based Teaching** Suzie Boss, John Larmer, 2018-09-20 It is no secret that in today's complex world students face unparalleled demands as they prepare for college careers and active citizenship. However, those demands won't be met without a fundamental shift from traditional teacher-centered instruction toward innovative student-centered teaching and learning. For schools ready to make such a shift, project-based learning (PBL) offers a proven framework to help students be better equipped to tackle future challenges. Project-based teachers encourage active questioning, curiosity, and peer learning; create learning environments in which every student has a voice and has a mastery of content; but are also comfortable responding to students' questions by saying "I don't know. Let's find out together." In this book, Suzie Boss and John Larmer build on the framework for Gold Standard PBL originally presented in *Setting the Standard for Project-Based Learning* and explore the seven practices integral to Project-Based Teaching: Build the Culture, Design and Plan, Align to Standards, Manage Activities, Assess Student Learning, Scaffold Student Learning, Engage and Coach. For each practice, the authors present a wide range of practical strategies and include teachers' reflections about and suggestions from their classroom experiences. This book and a related series of free videos provide a detailed look at what's happening in PBL classrooms from the perspective of the Project-Based Teacher. Let's find out together!
