

Esoteric Easter

To understand the esoteric significance of Easter we need to place Easter within a broader context. Easter falls at the full moon of Aries and esoterically considered is the first of a series of twelve Solar Fire or Full Moon Festivals that constitute the energetic year. There are three major spiritual Festivals which make up the high point in the annual cycle. These are the Festival of Easter at the full moon of Aries, the Festival of Wesak at the Taurus full moon, and the festival of Goodwill at the Gemini full moon. Through the steady meditative efforts of individuals and groups around the world these subjective energies are being anchored in the consciousness of humanity. They offer an approach to the Divine, to the Greater Life, to God – call it what you will.

Sergei O. Prokofieff

The Esoteric Easter:

The Esoteric Easter G. De Purucker, 2005-12 This scarce antiquarian book is a facsimile reprint of the original Due to its age it may contain imperfections such as marks notations marginalia and flawed pages Because we believe this work is culturally important we have made it available as part of our commitment for protecting preserving and promoting the world s literature in affordable high quality modern editions that are true to the original work The Sacramental Magic of Easter Stephen Mandes Thomas, 2026-02-24 A complete system of magical initiation into the Christian mystical tradition The power of the seasonal cycle is recognised by magical and religious traditions throughout the world Beyond religion and magic the cycles of the year have been sources of inspiration for many people since time immemorial inspiring much of our great art poetry and music Sadly the cycle of the year has largely been lost in contemporary culture and above all in modern Christianity Guiding the reader through the Easter period The Sacramental Magic of Easter re situates the Easter and Lenten period as an important season of initiation into the Christian mystery tradition The book provides a thorough overview of the purpose of Lent exploring each of the seasons and offering practices for each It moves on to explore specific feast days within the period such as Ash Wednesday Ascension Pentecost Passion Sunday and more outlining a number of meditations and rituals for each The Sacramental Magic of Easter will make a worthy addition to the bookshelf of any student or seasoned magical practitioner looking to enhance or refine their practice and will indeed appeal to more orthodox believers as well

The Jewish Pesach and the Origins of the Christian Easter Clemens Leonhard, 2012-02-14 The study assesses the main issues in the current debate about the early history of Pesach and Easter and provides new insights into the development of these two festivals The author argues that the prescriptions of Exodus 12 provide the celebration of the Pesach in Jerusalem with an etiological background in order to connect the pilgrim festival with the story of the Exodus The thesis that the Christian Easter evolved as a festival against a Jewish form of celebrating Pesach in the second century and that the development of Easter Sunday is dependent upon this custom is endorsed by the author s close study of relevant texts such as the Haggada of Pesach the Poem of the four nights in the Palestinian Targum Tradition the structure of the Easter vigil

The Esoteric Hiram Erastus Butler, 1889 **The Esoteric**, 1888 The Cycle of the Year as a Path of Initiation Sergei O. Prokofieff, 2014-03-12 In ancient times humanity possessed an innate knowledge of the spiritual foundations of existence Such knowledge could be acquired through inwardly accompanying the cycle of the year and its connected great seasonal festivals But this instinctive knowledge had to be lost in order for human beings to discover individual freedom In our time as Sergei O Prokofieff demonstrates in this comprehensive work this knowledge must be found anew through the free light filled consciousness of the fully developed human personality Tracing the spiritual path of the yearly cycle Prokofieff penetrates to the deeper esoteric realities of the seven Christian festivals of Michaelmas Christmas Epiphany Easter Ascension Whitsun and St John s Tide Basing his research on the work of the twentieth century initiate Rudolf Steiner he reveals how these

festivals are spiritual facts that exist independently of religious traditions and cultural customs Working with the festivals in an esoteric sense can provide a true path of initiation ultimately enabling an experience of the Being of the Earth Christ The journey of study through this book can thus lead the reader to an experience of the modern Christian Rosicrucian path along which it is possible to take the first steps towards life in partnership with the course of cosmic existence **Rosicrucian Fellowship Magazine** ,1917 The Theosophical Path Katherine Augusta Westcott Tingley,1922 Questions We All Ask Gottfried Purucker,1930 **The Interpretation of Dialogue** Tulio Maranhao,1990-02-13 This superb collection offers an array of rich variations on a theme central to a multitude of disciplines the nature of dialogue Drawing on literary philosophical and linguistic concepts the essays range from broad questions of the representation of knowledge and interpretation of meaning to case studies of dialogue s function in specific fields Rays from the Rose Cross ,1916 **The Mahatmas and Genuine Occultism** Gottfried Purucker,1972 Every coin can have its counterfeit Wherever a counterfeit is seen it is paradoxically enough a testimony to actual values existing somewhere which are realities postulates the author Where are those actual values These are what the author points to in explaining that occultism is the science of hidden things not unbelievable things but root things both in our own human selves and in universal nature But today the world is rife with the bogus the fake and the sham How can the discerning recognise what is the Real Here you will work toward what is relevant and true **Teachings of an Initiate** Max Heindel,1927 **The Theosophic Messenger** ,1912 **The Mystery of Easter Island** Katherine Routledge,1998 Heavily illustrated with a wealth of old photos this book is a treasury of information on the most mysterious of islands Easter Island Rapa Nui *The Little Nord Easter* Victor Butler,1975 **Theosophical Quarterly** ,1917 The Theosophical Quarterly ,1917 *Easter Island* Alfred Métraux,1957 Bulletin of the Oriental Esoteric Center Esoteric Brotherhood, Inc,1919
