The Equilibrist The Complete Series ERASMUS. CROMWELL-SMITH,2025-03-15 What if life s hardest lessons are also its greatest gifts In *The Equilibrist* trilogy Erasmus Cromwell Smith a reflective professor and poet discovers that happiness resilience and genius lie within each of us waiting to be released by love humility and courage Through elegant free verse poems fables and a sweeping personal narrative Erasmus and Victoria s decades long story unfolds a youthful romance a heartbreaking separation and a triumphant reunion that leads them through unspeakable loss toward renewed hope From early revelations of *The Happiness Formula* to the ultimate embrace of *Life s Endless Virtuous Circles* *The Equilibrist* weaves philosophy self discovery and spiritual wonder into a warm resonant tapestry Brimming with inspiration it reminds us that each ending births a new beginning and that true Joy is found in devoting our minds and hearts to life s most luminous possibilities *The Story Behind the Creation of the First Volume of The Equilibrist Series* Sometimes timely gifts come in minute packages I sincerely hope this holds true for *The Equilibrist* series In particular I feel compelled to share the story of how the first volume came to life as it portrays the many shades of the human condition The art behind this book s creation transcends anecdotal tribulations circumstances or environment While these elements are compelling and worth exploring they remain a tale yet to be told Instead this story was shaped not by the where what or who but by something far more profound and deeply personal This magical scribble became art because of how it unfolded as if guided by something beyond rational thought driven solely by my raw unfiltered essence *The Equilibrist* is deeply personal to me because unintentionally it allowed me to express myself through written words in a way I had always dreamed of It is the book I had always wanted to write the checkmark on my bucket list Write a meaningful book Regardless of how it resonates with others the journey of creating it was a once in a lifetime experience Its completion brought immense personal satisfaction as I realized that feelings dreams and wisdom had fused seamlessly with words transforming into pure and simple art It all began with small poems and short essays that I would visualize in my mind sometimes just a word or a phrase and other times an entire idea There was no pattern or deliberate effort I couldn t always discern the stimuli behind these inspirations It was simply my reaction to life as it unfolded before me filtered through the magnifying lens of my beliefs and experiences Over three years these writings accumulated into a pile As I revisited them I realized they weren t random musings but rather a tapestry forming a full life cycle addressing profound themes and subjects that reflected my perception of life s journey

The Equilibrist Andrew Salomon,2017-05-08 On the first night the Circus Basilisk spends outside the Northern England town of Kirkholme aspiring tightwire performer Flynn Oakley finds out just how easily his hard earned and well balanced world can fall apart Falsely accused of a monstrous crime and forced to flee from his adoptive home Flynn becomes the first person to run away from the circus Finding himself hunted by a devious cabal formed by the candy butcher a family of aerialists called *The Flying Gremaldis* and the sinister crow like Raffin Flynn has to trust in

unlikely alliances to try and save the only place he has ever called home And even though he has found shelter inside a subterranean network of tunnels and caverns under the nearby Bleaks a desolate high moor on the other side of the fell that looms over the circus camp something else also inhabits this netherworld and Flynn is yet to discover if it is friend or foe

Once more deviating from the curriculum he takes his students back to the passionate period in time when while studying at Harvard he lived together with the love of his life Victoria Emerson Lloyd. The young couple meets book antiquarians throughout New England who become lifelong mentors sharing with the young couple ancient writings filled with timeless wisdom and magic *Magic in Life* Erasmus Cromwell-Smith II,2021-09-03 In this third book of The Equilibrist series Professor Cromwell Smith through the mantle of poetry takes his students one last time to his past through subjects of profound existential meaning like forgiveness, virtue, coherence, resilience, reciprocity, curiosity, serenity, and joy among others. The eminent pedagogue revisits the long period of his life when Victoria Emerson Lloyd, the love of his life, and him were apart and the real reasons why she left him in the first place. The fourth and final book of The Equilibrist series, *Poetry in Equilibrium*, will be published in the fall. Professor Erasmus Cromwell Smith returns to the Cambridge lecture hall to regale his students with stories, memories, ancient scribbles with topics ranging from adversity, resilience, forgiveness, reciprocity, inspiration, and joy, showcasing life's pursuit of happiness and the ultimate joy he's found reuniting with the love of his life, whether watching a sunrise at a Nantucket beach or reclining in the comfort of their campus home, complete with Chesterfields, hot tea, the detailed settings spark conversations about when Erasmus and Victoria were separated, the expressive dialogue captures the loving demeanor of the cultured pair. Those open to the magic of life's possibilities will surely find this enjoyable reading. *Blueink Review*. The dedicated university Professor Cromwell Smith creates an ingenious method of making poetry and timeless wisdom come to life for his students through the medium of his own life story. *Magic in Life* brings a series honoring two unusual, gifted people and their abiding love to a satisfying close, testifying to the power of story to transmit timeless wisdom and to the ability of art and beauty to provide balance in stormy times. *Clarion review*. I'd have to say that *The Equilibrist* is perhaps the most inspirational, intellectually, emotionally rewarding book I've ever performed. Daniel Dorse, the voice behind The Equilibrist series audiobooks [Magneopathy, the Philosophy of Health](#) Hillert Perry,1863 **The Myth of 1648** Benno Teschke,2003 The Treaty of Westphalia in 1648 is widely interpreted as the foundation of modern international relations. Benno Teschke exposes this as a myth. In the process he provides a fresh re-interpretation of the making of modern international relations from the eighth to the eighteenth century. Inspired by the groundbreaking historical work of Robert Brenner, Teschke argues that social property relations provide the key to unlocking the changing meaning of international across the medieval, early modern, and modern periods. He traces how the long-term interaction of class conflict, economic development, and international rivalry effected the formation of the modern system of states. Yet instead of identifying a breakthrough to interstate modernity in the so-called long sixteenth century or in the period of intensified geopolitical competition during the seventeenth century, Teschke shows that

geopolitics remained governed by dynastic and absolutist political communities rooted in feudal property regimes The Myth of 1648 argues that the onset of specifically modern international relations only began with the conjunction of the rise of capitalism and modern state formation in England Thereafter the English model caused the restructuring of the old regimes of the Continent This was a long term process of socially uneven development not completed until World War I
