**Shakespeare on Salvation** David Anonby,2024-03-13 This cutting edge book explores Shakespeare s negotiation of Reformation controversy about theories of salvation While twentieth century literary criticism tended to regard Shakespeare as a harbinger of secularism the so called turn to religion in early modern studies has given renewed attention to the religious elements in Shakespeare and his contemporaries Nevertheless there remains an aura of uncertainty regarding some of the doctrinal and liturgical specificities of the period This historical gap is especially felt with respect to theories of salvation or soteriology Such ambiguity however calls for further inquiry into historical theology The author explores how the language and concepts of faith grace charity the sacraments election free will justification sanctification and atonement find expression in Shakespeare s plays In doing so this book contributes to the recovery of a greater understanding of the relationship between early modern religion and Shakespearean drama While the author shares David Scott Kastan s reluctance to attribute particular religious convictions to Shakespeare in some cases such critical guardedness has diverted attention from the religious topography of Shakespeare s plays Throughout this study the author s hermeneutic is to read Shakespeare through the lens of early modern theological controversy and to read early modern theology through the lens of Shakespeare      **The Oölogist** ,1928      *Two Years with the Birds on a Farm* Edward Howe Forbush,1903      **Bulletin of the Cooper Ornithological Club of California** ,1918      **The Land Birds in and Around St. Andrews** George Bruce,1895      *Annual Report of the Secretary of the Board of Agriculture* Massachusetts.
