Time Has Come:

The Democratic Party Douglas B. Harris, Lonce H. Bailey, 2014-10-07 Through an examination of key historical documents this book chronicles the Democratic Party's complete transformation from the small government Jeffersonian party to a party of activist government and social progressivism during the presidencies of Franklin D. Roosevelt, Lyndon Johnson, Bill Clinton, and Barack Obama. What are the objectives of today's Democratic Party and what historic events have guided its evolution from a decidedly different ideological starting point more than 200 years ago? The Democratic Party Documents Decoded supplies a thorough historical examination of the Democratic Party from its distant origins in George Washington's administration to the two-term administration of Barack Obama. Told through key documents and speeches, this history comes alive in the words and thoughts of those who built, sustained, and transformed the Democratic Party. No other book uses documents in this way to tell a comprehensive history of this party. The book utilizes primary documents to investigate a breadth of topics such as the Democratic Party's positions on civil rights, discrimination, voting rights, taxation, representation, immigration, primary elections, caucuses, the Republican opposition, relations between church and state, the role of government, and foreign policy. The scholarly commentary provides essential context that bridges the gaps between documents and insightful explanations and clarifications of specific passages or terms to ensure reader comprehension. A work unlike any other on the history of the Democratic Party, this book will serve advanced high school students in government and history classes as well as undergraduate students taking courses in political science and history.

A Man in Love Martin Walser, 2019-09-10 For readers of Colm Toibin's The Master and Michael Cunningham's The Hours, a witty, moving, tender novel of impossible love and the mysterious ways of art. Johann Wolfgang von Goethe is so famous his servant auctions off snippets of his hair, and children and adults recite from his many works by memory. When he was a young poet, his first novel, a story of love and romantic fervor ending in suicide, was an international blockbuster that set off a wave of self-inflicted deaths across Europe. Now seventy-three, sought after, and busy with scientific pursuits, and

responsibilities to the Grand Duke he has fallen in love with a nineteen year old Ulrike von Levetzov Infatuated at the spa in Marienbad he seeks her out They exchange glances witty words In the social swirl they find each other On the promenade they parade together arm in arm Time spent away from her is sleepless and when they kiss it is in the Goethian way from his books a matter of souls not mouths or lips And yet his years fail him At an afternoon tea party a younger man tries to seduce her At a costume ball he collapses When he proposes nonetheless Ulrike and her mother are already preparing to leave Caught in a storm of emotion and torn between despair and unwillingness to give up hope he begins an elegy in his coach as he pursues her The Marienbad Elegy one of his last great works **The Refractionist** ,1926 Legislation to Improve the Comprehensive Environmental Response, Compensation, and Liability Act United States.
