Praem., 2016-03-03 As someone who has been guiding people through the catacombs of their own lives for decades Francis Dorff O Praem is uniquely qualified to tell stories that evoke personal experiences of the treasures residing within each of us Readers may recognize their own lives reflected in his description of being a stranger in a strange land wondering where to turn when a door to one's promised land closes in one's face exploring intimations of a Loving Mystery beneath the surface of all of life

embracing parts of our life that we have been neglecting and creatively getting to know our own deepest self This book will encourage those of us who are yearning to live more peacefully with others to see how we can meditatively journey together to the underground place within us that is deeper than all our differences Those who are feeling stuck may find some help in Fr Dorff s insight into how widening the scope of my attentiveness has a lot to do with my being able eventually to take a creative next step And everyone can be inspired by the author s experiment with loving and how many different forms this loving can take over the course of a long rich life Here is a personal invitation to learn how to live with the ongoing tensions between solitude and community meditation and ministry getting it all together and letting it all fall apart as well as being a misfit and a mystic on a deeply personal pilgrimage Long Lives and Untimely Deaths Barbara Gerke,2011-12-23

Longevity and long life practices have been a pan Tibetan concern for a very long time but have hardly been studied by anthropologists This book presents ethnographic accounts and textual material demonstrating how Tibetans in the Darjeeling Hills India view the life span and map out certain life forces in various areas of knowledge These life forces follow daily monthly and annual cycles Divinations and astrological calculations are widely but varyingly used by Tibetans to assess the strength of life forces and forecast difficult periods in their lives Loss exhaustion or periodic weaknesses of life forces are treated medically or through Tibetan Buddhist practices and rituals In all these events temporality and agency are deeply interlinked in the ways in which Tibetans enhance their vitality prolong their life spans and avoid untimely deaths

The Ancient Greek Hero in 24 Hours Gregory Nagy,2020-01-07 What does it mean to be a hero The ancient Greeks who gave us Achilles and Odysseus had a very different understanding of the term than we do today Based on the legendary Harvard course that Gregory Nagy has taught for well over thirty years *The Ancient Greek Hero in 24 Hours* explores the roots of Western civilization and offers a masterclass in classical Greek literature We meet the epic heroes of Homer s Iliad and Odyssey but Nagy also considers the tragedies of Aeschylus Sophocles and Euripides the songs of Sappho and Pindar and the dialogues of Plato Herodotus once said that to read Homer was to be a civilized person To discover Nagy s Homer is to be twice civilized Fascinating often ingenious A valuable synthesis of research finessed over thirty years *Times Literary Supplement* Nagy exuberantly reminds his readers that heroes mortal strivers against fate against monsters and against death itself form the heart of Greek literature He brings in every variation on the Greek hero from the wily Theseus to the brawny Hercules to the monolithic Achilles to the valiantly conflicted Oedipus Steve Donoghue *Open Letters Monthly*
