Vow Of Sanctity:

Courting Sanctity Sean L. Field,2019-05-15 The rise of the Capetian dynasty across the long thirteenth century which rested in part on the family's perceived sanctity is a story most often told through the actions of male figures from Louis IX's metamorphosis into Saint Louis to Philip IV's attacks on Pope Boniface VIII In *Courting Sanctity* Sean L Field argues that in fact holy women were central to the Capetian's self presentation as being uniquely favored by God Tracing the shifting relationship between holy women and the French royal court he shows that the roles and influence of these women were questioned and reshaped under Philip III and increasingly assumed to pose physical spiritual and political threats by the time of Philip IV's death Field's narrative highlights six holy women The saintly reputations of Isabelle of France and Douceline of Digne helped to crystalize the Capetians claims of divine favor by 1260 In the 1270s the French court faced a crisis that centered on the testimony of Elizabeth of Spalbeek a visionary holy woman from the Low Countries After 1300 the arrests and interrogations of Paupertas of Metz Margueronne of Bellevillette and Marguerite Porete served to bolster Philip IV's crusades against the dangers supposedly threatening the kingdom of France *Courting Sanctity* thus reassesses key turning points in the ascent of the most Christian Capetian court through examinations of the lives and images of the holy women that the court sanctified or defamed

Sanctity in the North Thomas DuBois,2008-02-23 With original translations of primary texts and articles by leading researchers in the field *Sanctity in the North* gives an introduction to the literary production associated with the cult of the saints in medieval Scandinavia For more than five hundred years Nordic clerics and laity venerated a host of saints through liturgical celebrations written manuscripts visual arts and oral traditions Textual evidence of this widespread and important aspect of medieval spirituality abounds Written biographies or vitae compendia of witnessed miracles mass propers homilies sagas and chronicles dramatic scripts hymns and ballads are among the region's surviving medieval manuscripts and early published books *Sanctity in the North* features English translations of texts from Latin or vernacular Nordic languages in many cases for the first time The accompanying essays concerning the texts saints cults and history of the period complement the translations and reflect the contributors own disciplinary groundings in folklore philology medieval and religious studies *The Sanctity of the Ancient Vow as an Explanation for the Modern Courtroom Oath* Kenneth A. An Introduction to Indian Philosophy Satischandra Chatterjee,Dhirendramohan Datta,2016-01-01 The object of this book is to provide a simple introduction to the Indian systems of philosophy Each one of these systems has had a vast and varied development An attempt has been made to introduce the reader to the spirit and outlook of Indian philosophy and help him to grasp thoroughly the central ideas rather than acquaint him with minute details Modern students of philosophy feel many difficulties in understanding the Indian problems and theories Their long experience with university students has helped the authors to realise these and they have tried to remove them as far as possible This accounts for most of the

critical discussions which could otherwise have been dispensed with The book has been primarily written for beginners The first chapter which contains the general principles and basic features of Indian philosophy as well as a brief sketch of each system gives the student a bird s eye view of the entire field and prepares him for a more intensive study of the systems which are contained in the following chapters It is hoped therefore that the book will suit the needs of university students at different stages as well as of general readers interested in Indian Philosophy
