Saying What One Thinks Léa Salje,2025-02-24 Saying what one thinks can be difficult sometimes one knows that a thought is there but it takes time and effort to find its proper articulation This book is about articulatory self knowledge or the sort of knowledge about one s own mind that results from successful attempts to articulate evasive thoughts of this kind Rather than account for this phenomenon as mere verbal blockage or hermeneutical impoverishment Lea Salje argues that the obstacle to articulation in these cases has to do with the representational metaphysics of the thought When it first occurs the thought has the wrong representational format to serve as the content of a sentence work must be done on it before it can be uttered aloud What results is a picture of a little explored form of psychological self knowledge that reveals hidden parts of one s mind to oneself even as one goes about creating the thought in its new articulated form The final parts of the book explore the role of conversation in drawing out articulations of this kind and the possible expression of thoughts in art By the end of Saying What One Thinks articulatory self knowledge no longer looks like a mere quirk of our psychology but emerges as a central feature of distinctively human cognition

Ecce Homo: How One Becomes What One Is Friedrich Nietzsche,2018-04-07 In late 1888 a few weeks before his descent into madness Friedrich Nietzsche set out to compose his life story Ecce Homo How One Becomes What One Is remains one of the most remarkable autobiographies ever written a powerful work of genius in which the German philosopher critiques his own works and those of others and weighs in on a plethora of subjects from mastering self control to female sexuality Seemingly trivial topics are interwoven into passages of complex reasoning on philosophical problems This most bizarre but fascinating of autobiographies is essential reading for students of Nietzsche and anyone looking for profound insights into life from one of the greatest thinkers of the Western world

Not at All What One Is Used To Marian Janssen,2010-12-31 Born in 1915 to one of New England s elite wealthy families Isabella Gardner was expected to follow a certain path in life one that would take her from marriageable debutante to proper society lady But that plan was derailed when at age eighteen Isabella caused a drunk driving accident Her family to shield her from disgrace sent her to Europe for acting studies not foreseeing how life abroad would fan the romantic longings

and artistic impulses that would define the rest of Isabella's years. In *Not at All What One Is Used To* author Marian Janssen tells the story of this passionate troubled woman whose career as a poet was in constant compromise with her wayward love life and her impulsive and reckless character. Life took Gardner from the theater world of the 1930s and 40s to the poetry scene of the 50s and 60s to the wild bohemian art life of New York's Hotel Chelsea in the 70s. She often followed where romance rather than career led her. At nineteen she had an affair with a future president of Ireland then married and divorced three famous American husbands in succession. Turning from acting to poetry Gardner became associate editor of Chicago's Poetry magazine and earned success with her best received collection *Birthdays from the Ocean* in 1955. Soon after her life took a turn when she met the southern poet Allen Tate. He was married to Caroline Gordon but left her to wed Gardner who moved to Minneapolis and gave up writing to please him but after a few short years Tate fell for a young nun and abandoned her. In the liveliest of places at the right times Gardner associated with many of the most significant cultural figures of her age including her cousin Robert Lowell, T. S. Eliot, Ludwig Mies van der Rohe, Virgil Thomson, Tennessee Williams, and Robert Penn Warren. But famous connections could never save Isabella from herself. Having abandoned her work she suffered through alcoholism, endured more failed relationships, and watched the lives of her children unravel fatally. Toward the end of her life though she took her pen back up for the poems in her final volume *Redeemed* by her writing. Gardner died alone in 1981 just after being named the first poet laureate of New York State. Through interviews with many Gardner intimates and extensive archival research author Marian Janssen delves deep into the life of a woman whose poetry, according to one friend, probably saved her sanity. Much more than a biography, *Not at All What One Is Used To* is the story of a woman whose tumultuous life was emblematic of the cultural unrest at the height of the twentieth century.
