Home Sweet Home April Smith,2017-01-31 From the widely praised author of the FBI Special Agent Ana Grey series and A Star for Mrs Blake this riveting epic drama follows the Kusek family from New York City to America s heartland where they are caught up in the panic of McCarthyism a smear campaign a sensational trial and ultimately murder Calvin Kusek a WWII pilot and attorney and his wife Betsy escape the 1950s conformity of New York City to relocate to a close knit town in South Dakota They settle on a ranch and Betsy becomes a visiting nurse befriending a quirky assortment of rural characters Their children Jo and her brother Lance grow up caring for animals and riding rodeo Life isn t easy but it is full and rewarding When a seat in the State Assembly becomes available Cal jumps at the chance to repay the community and serves three popular terms Things change when Cal runs for the U S Senate The FBI investigates Betsy and a youthful dalliance with the Communist Party surfaces to haunt the Kuseks Mass hysteria takes over inflamed by Cal s political enemies Driven by fear and hate their neighbors turn condemning them as enemies and spies The American Dream falls apart overnight as the Kuseks try to protect their children from the nightmare that follows The family is vindicated in a successful libel lawsuit but the story doesn t end there years later Lance Kusek and his wife and son are brutally attacked and the mystery then unfolds as to who committed this coldblooded murder and are they related to the stunning events of decades earlier

The Beauty of a Social Problem Walter Benn Michaels,2015-07-13 Bertolt Brecht once worried that how we feel about the victims of a social problem can get in the way of the beauty and attraction of the problem itself In this book Walter Benn Michaels explores the same dilemma through a study of several contemporary artist photographers whose work speaks to questions of political economy Michaels focuses on the work of several artists mostly born in the 1970s and thus raised in a world where artistic ambition has been identified with a critique of autonomous form and of meaning as a function of intention Michaels shows that these artists engage but also push beyond this critique of autonomy and intentionality producing works that embody a new commitment to form and meaning The explanation for this commitment he argues is these artists consciousness of making art in an economy riven by structural conflict especially an unprecedented rise in inequality For them he argues the relationship of the art work to the world to its subject and to its beholder functions as an emblem of the relation between classes rather than identities or subject positions This book will join the short shelf of essential writings about the medium of photography
