When The Brain Dies First

Michael James Murray

When The Brain Dies First:

Death and Dying in America Andrea Fontana, Jennifer Reid Keene, 2009-07-20 This engaging new book takes a fresh approach to the major topics surrounding the processes and rituals of death and dying in the United States It emphasizes individual experiences and personal reactions to death as well as placing mortality within a wider social context drawing on theoretical frameworks empirical research and popular culture Throughout the text the authors highlight the importance of two key factors in American society which determine who dies and under what circumstances persistent social inequality and the American consumerist ethic These features are explored through a discussion of topics ranging from debates about euthanasia to deaths resulting from war and terrorism from the death of a child to children s experience of grieving and bereavement and from beliefs about life after death to more practical issues such as the disposal of the dead body Drawing on sociological anthropological philosophical and historical research the authors present the salient features of death and dying for upper level students across the social sciences For anyone interested in learning more about the end of life this book will provide a useful and accessible perspective on the uniquely American understanding of death and dying

Spiritual, Ethical, and Pastoral Aspects of Death and Bereavement Gerry Cox, Ronald Fundis, 2022-03-22 This collection of previously unpublished essays addresses a wide range of topics relevant to the on going debates regarding dying and death and the subtleties nuances and complexities accompanying these phenomena The authors have attempted to contribute their experiences insights and research results to clarify rather than obfuscate Topic coverage is broad however content depth is not sacrificed The diversity of authors backgrounds both geographical and disciplinary also serves to make this volume unique The chapters in this volume offer a substantial contribution in assisting care givers in arriving at acceptable ethical positions in their pastoral counseling medical and mortician roles

Neurology and Clinical Neuroscience E-Book Anthony H. V.
