**A Spiritual Clinic** J. Oswald Sanders, 2019-04-02 A Lost Book from J Oswald Sanders Now Re Released with a Beautiful New Cover The complex strains and problems which the Christian encounters in the contemporary world find their answer not in tranquilizers or stimulants but in a correct understanding and application of scriptural principles J Oswald Sanders from the introduction J Oswald Sanders best known for his book *Spiritual Leadership* which has sold over a million copies touched hundreds of thousands of lives in his lifetime and continues to inspire Christians today His books *Spiritual Leadership* *Spiritual Maturity* and *The Incomparable Christ* are beloved and well read to this day But there are two of his books that readers haven't had access to in over 30 years *A Spiritual Clinic* is one of them Life wears on us we go through seasons of fatigue strain and tension that take their toll and we can easily fall into apathy Sanders prescribes a powerful tonic of scriptural principles that lead to recovery and growth For anyone who feels worn out from their Christian life and could use a little spiritual doctoring *A Spiritual Clinic* is for you *The Spiritual Clinic (1928)* Theodore Austin Sparks, 2012

**A Spiritual Clinic** J. Oswald Sanders, 2011-10 **The Rebirth of the Clinic** Daniel P. Sulmasy, 2006-05-19 The Rebirth of the Clinic begins with a bold assertion the doctor patient relationship is sick Fortunately as this engrossing book demonstrates the damage is not irreparable Today patients voice their desires to be seen not just as bodies but as whole people Though not willing to give up scientific progress and all it has to offer they sense the need for more Patients want a form of medicine that can heal them in body and soul This movement is reflected in medical school curricula in which courses in spirituality and health care are taught alongside anatomy and physiology But how can health care workers translate these concepts into practice How can they strike an appropriate balance integrating and affirming spirituality without abandoning centuries of science or unwittingly adopting pseudoscience Physician and philosopher Daniel Sulmasy is uniquely qualified to guide readers through this terrain At the outset of this accessible engaging volume he explores the nature of illness and healing focusing on health care's rich history as a spiritual practice and on the human dignity of the patient Combining sound theological reflection with doses of healthy skepticism he goes on to describe empirical research on the effects of spirituality on health including scientific studies of the healing power of prayer emphasizing that there are reasons beyond even promising research data to attend to the souls of patients Finally Sulmasy devotes special attention and compassion to the care of people at the end of life incorporating the stories of several of his patients Throughout the author never strays from the theme that for physicians attending to the spiritual needs of patients should not be a moral option but a moral obligation This book is an essential resource for scholars and students of medicine and medical ethics and especially medical students and health care professionals **Handbook to Happiness and You** Charles R. Solomon, 2003-09-01 *Explore Hinduism* Bansi Pandit, 2005 This book studies the diverse and often competitive strands of Hindu traditions Hindu festivals and life cycle rituals and examines them in the context of globalized religions **The Churchman**, 1930 [Putnam's Monthly](#)
