SPIRITUAL POLITICS

A man wearing a dark suit jacket, a light blue shirt, grey trousers, a dark cap, and red shoes is walking towards the camera. He is holding a large, wrapped object that appears to be a rolled-up document or a scroll, secured with a purple ribbon. The object is held vertically in front of him. The background is a dark, solid color.

Leo Strauss on Maimonides Leo Strauss, 2013-04-23 Leo Strauss is widely recognized as one of the foremost interpreters of Maimonides His studies of the medieval Jewish philosopher led to his rediscovery of esotericism and deepened his sense that the tension between reason and revelation was central to modern political thought His writings throughout the twentieth century were chiefly responsible for restoring Maimonides as a philosophical thinker of the first rank Yet to appreciate the extent of Strauss s contribution to the scholarship on Maimonides one has traditionally had to seek out essays he published separately spanning almost fifty years With *Leo Strauss on Maimonides* Kenneth Hart Green presents for the first time a comprehensive annotated collection of Strauss s writings on Maimonides comprising sixteen essays three of which appear in English for the first time Green has also provided careful translations of materials that had originally been quoted in Hebrew Arabic Latin German and French written an informative introduction highlighting the original contributions found in each essay and brought references to out of print editions fully up to date The result will become the standard edition of Strauss s writings on Maimonides

McGraw,Jo Renee Formicola,2005 The clash between the religious right and the secular left undermines any serious debate about the role of religion in American public life Such strident cultural rhetoric often ignores the positive contributions of America's many religions By contrast this volume celebrates America's religious diversity demonstrating that religious pluralism is actually one of democracy's basic building blocks Taking Religious Pluralism Seriously expands on Barbara A McGraw's framework for understanding religious participation in public life a two tiered public forum consisting of the civic public forum and the conscientious public forum The chapters explore how diverse religious communities and traditions including newer and marginalized religions can make a meaningful contribution to American society and politics **The Works of Orestes A.
