A DOCUMENTARY HISTORY

Spitfire A Documentary History

A. G. S. Enser

Spitfire A Documentary History:

Spitfire Alfred Price, 1979 **Spitfire's Forgotten Designer** Mike Roussel, 2013-03-01 The Supermarine Spitfire was a classic design well known for its efforts in defending British shores during the Second World War. However, while Reginald Mitchell is rightly celebrated for his original design of the Spitfire, the role of Joe Smith in the development of the Spitfire is often overlooked. Smith was an integral member of the design team from the earliest days and, on Mitchell's death in 1937, he was appointed design office manager before becoming chief designer. Smith's dedicated leadership in the development of the Spitfire during the war, as well as his efforts on post-war jet aircraft, deserve their place in history. Charting the fascinating history of Supermarine from 1913 to 1958, when the company ceased its operations in Southampton shortly after Joe Smith's death in 1956, this book tells its story through the eyes of apprentices and many other members of Smith's team. Marvellous photographs add to the sense of what it was like to work under Joe Smith at the drawing boards of one of Britain's most famous wartime aviation manufacturers.

Spitfire Leo McKinstry, 2010-10-14 In June 1940, the German Army had brought the rest of Europe to its knees. Hitler knows that he will have to break us in this island or lose the war. If we can stand up to him, all Europe may be free and the life of the world will move forward into broad sunlit uplands, said Churchill. The future of Europe depended on Britain. A self-confident Herman Goering thought that it would be only a matter of weeks before his planes had forced Britain to surrender. The courage, resourcefulness, and brilliant organisation of the RAF were to prove him wrong. By late September 1940, the RAF had proved invincible thanks to the Vickers Supermarine Spitfire. It exceeded anything that any other air force possessed. R.J. Mitchell, a shy and almost painfully modest engineer, was the genius behind the Spitfire. On the 5th March 1936, following its successful maiden flight, a legend was born. Prize-winning historian Leo McKinstry's vivid history of the Spitfire brings together a rich cast of characters and first-hand testimonies. It is a tale full of drama and heroism of glory and tragedy, with the main protagonist the remarkable plane that played a crucial role in saving Britain.

A Bibliography of British History Keith Robbins, American Historical Association, Royal Historical Society (Great Britain), 1996. Containing over 25,000 entries, this unique volume will be absolutely indispensable for all those with an interest in Britain in the twentieth century. Accessibly arranged by theme, with helpful introductions to each chapter, a huge range of topics is covered. There is a comprehensive index.

Combat in the Stratosphere Steven Taylor, 2024-05-31 Taylor provides short vignettes of actual flights and combat interactions, revealing performance and flight procedures used to shoot and avoid being shot down. He draws on a wide range of sources, including combat reports, British files and documents, and first-hand accounts of engineers and the pilots who flew these aircraft. The Journal of the Air Force Historical Foundation. In the summer of 1940, a new German aircraft began appearing in the skies over the British Isles. Unlike the rest of the Luftwaffe's fleet in the Battle of Britain, these aircraft were flying at a height of 40,000 feet and higher, way beyond the reach of the RAF's defending fighters. These virtually untouchable intruders were examples of the Junkers Ju 86P, the world's first operational

combat aeroplane equipped with a pressurized cabin they were able to reach a maximum altitude of 42 000 feet The Ju 86P's introduction ushered in a new era of aerial warfare where combat would take place at previously unimaginable heights The Ju 86P was just one of many high altitude aircraft projects developed by both the Axis and Allied powers during the Second World War Others included the Vickers Wellington Mk VI Vickers Windsor Boeing B 29 Superfortress Junkers Ju 388 Heinkel He 274 and Henschel Hs 130 With pressurized cabins such aircraft offered obvious tactical advantages bombers and reconnaissance aircraft could operate safely above the maximum ceiling of the opposing side's fighters prompting intense development especially by the British and Germans of pressurized interceptors to meet the threat they posed Combat in the Stratosphere is the first book devoted exclusively to exploring the fascinating story of the development and operational history of aircraft designed specifically for high altitude operations during the Second World War But this is not a book solely about the machines themselves It also focuses on the men who flew these revolutionary aircraft both in the testing phase and in combat and the physical challenges these courageous airmen faced as they pushed themselves to the very edge of physical endurance in this desperate race to reach ever higher altitudes Drawing on a wide range of sources including air combat reports British Cabinet files and Air Ministry documents as well as first hand accounts of aeronautical engineers and the pilots who flew these aircraft Combat in the Stratosphere reveals the full story of this largely overlooked aspect of Second World War air warfare high above the skies of Europe North Africa the Soviet Union and Japan *From Airbus to Zeppelin* Norman Ferguson, 2016-10-06 A must have A Z guide with fascinating facts figures quotes and statistics from the high flying world of aviation From Airbus to Zeppelin has it all D is for Desert Island Discs just what would Dambuster Guy Gibson have liked while marooned on his desert island E is for Everest did you know that two Scotsmen were the first to fly over the magnificent mountain F is for Faster than the sun which aircraft was the first to fly faster than the Earth's rotation A must read for anyone interested in the world of aviation and may win the reader a pub quiz or two **Spitfire** Chaz Bowyer, 1980

The Documentary History of the Campaign Upon the Niagara Frontier ...: In the year 1813 Lundy's Lane Historical Society, Lundy's Lane Historical Society, Welland, Ont, 1902 *Documentary History of the State of Maine* Maine Historical Society, 1910 **British Military History** Gerald Jordan, 1988 **The Documentary History of the Campaign Upon the Niagara Frontier: In the year 1813** Lundy's Lane Historical Society (Welland, Ont.), 1902 **The British Library General Catalogue of Printed Books 1976 to 1982** British Library, 1983 **The Aeronautical Journal**, 1981 Their Finest Hour Philip Kaplan, Richard Collier, 1989 Donated **How to Build Scale Models** FineScale Modeler, 1992 **Air Pictorial**, 1993 *Annual Bibliography of British and Irish History*, 1978 *Battles Over Britain* Guy De la Bédoyère, 2000 An archaeologist and historian by training who has recently qualified as a pilot Guy de la Bédoyère realized the information that archaeology could bring to the study and recreation of all aspects of the air war from the scarred masonry of St Clement Danes damaged in the London blitz to the torn metal of an engine in a Kent Battle of Britain museum Excavations of

individual planes a Spitfire Hurricane and Messerschmitt are described in detail The author also looks at other physical remains of the Battle of Britain and of the Blitz the airfields signs of war damage in city centers and the evidence of civil defense
