## **Spoken Burmese:**

*Burmese (Myanmar)* John Okell, 2010 The first volume in a four part language course this textbook enables students to start speaking and understanding the spoken language In the early sections the focus is on familiarizing the learner with the unfamiliar sounds of the language and the structures of Burmese sentences After this foundation the emphasis changes to acquiring the words and phrases needed for early encounters with Burmese speakers in Burma and elsewhere in the world Numerous speaking exercises and practice dialogs feature travel topics such as asking for directions taking taxis and ordering food and drink and common conversational topics such as introductions family and work Because Burmese script can be challenging Okell offers roman transcription alongside the Burmese script for Burmese material throughout the text Like the other titles in this series Book 1 is accompanied by audio files and can be used either under the instruction of a teacher or for self study The series was developed over a period of several years and was tested modified and expanded after use in the classroom Language professors and their students or those learning Burmese on their own will appreciate the accessible approach and the manageable size of the lessons of the very practical textbooks in this series

**Spoken Burmese** William Stewart Cornyn, 1945

*Burmese (Myanmar)* John Okell, 2016-05-10 The third volume in a four part language course this textbook enables students to become competent in reading and writing Burmese script Most students find it helpful to begin learning the script at the same time they start on the spoken language but this volume can be used independently if preferred In addition to lists of words for reading and writing practice presented in a series of short graduated lessons Okell includes sample texts from Burmese materials such as product labels newspaper headlines and maps Appendices on handwriting and cursive forms display fonts the Burmese names of the characters Burmese alphabetical order and common abbreviations round out the book One of the challenges of learning a non Roman script language from traditional course books is that the use of the Roman alphabet to describe sounds is not as effective as hearing the sounds The extensive audio files that accompany this volume allow the learner to hear and produce the sounds corresponding to the symbols Language professors and their students or those learning Burmese on their own will appreciate the accessible approach and the manageable size of the lessons of the very practical textbooks in this series
