International Convention, 1914 [The Rise of Christianity: How a Small Faith in Jerusalem Spread to Every Continent on Earth](#) Christian Light, 2025-10-15 Two thousand years ago a Jewish teacher was executed in a remote Roman province His followers were few his movement fragile and the world around him seemed indifferent to his message By every measure of history Christianity should have vanished Yet today it stands as the world's largest religion with more than 2.3 billion followers across every continent How did this happen How did a persecuted minority become a global faith that shaped empires inspired revolutions survived division and continues to influence billions of lives This book takes you on a sweeping journey through history an epic story of resilience struggle and transformation From the dusty streets of Jerusalem to the grandeur of Rome from monasteries that preserved knowledge in the Dark Ages to voyages that

carried the faith across oceans you'll witness how Christianity spread, adapted, and endured. You'll meet apostles, emperors, kings, missionaries, martyrs, reformers, and ordinary believers whose courage carried the faith forward when survival seemed impossible. Along the way, you'll discover why the crucifixion of Jesus became the cornerstone of a global movement. How persecution in Rome fueled rather than destroyed early Christianity. The turning points that made emperors embrace the cross over the gods. The role of missionaries, explorers, and colonization in spreading Christianity worldwide. How the Reformation, revivals, and modern global movements reshaped the faith. Why Christianity continues to grow in the Global South and what its future may hold. Whether you are a believer, a seeker, or simply a lover of history, this is the book you need to read right now. It will give you goosebumps, challenge your assumptions, and leave you amazed at how a story that began with a single teacher in Jerusalem became a faith that truly spans the world. Step into this journey. Turn the first page and witness the most astonishing story in human history, one that is still being written today.

[The Oxford Handbook of Religious Conversion](#) Lewis R. Rambo, Charles E. Farhadian, 2014-03-06. The Oxford Handbook of Religious Conversion offers a comprehensive exploration of the dynamics of religious conversion, which for centuries has profoundly shaped societies, cultures, and individuals throughout the world. Scholars from a wide array of religions and disciplines interpret both the varieties of conversion experiences and the processes that inform this personal and communal phenomenon. This volume examines the experiences of individuals and communities who change religions, those who experience an intensification of their religion of origin, and those who encounter new religions through colonial intrusion, missionary work, and charismatic and revitalization movements. The thirty-two innovative essays provide overviews of the history of particular religions, including Hinduism, Buddhism, Confucianism, Taoism, Sikhism, Islam, Christianity, Judaism, indigenous religions, and new religious movements. The essays also offer a wide range of disciplinary perspectives: psychological, sociological, anthropological, legal, political, feminist, and geographical, on methods and theories deployed in understanding conversion and insight into various forms of deconversion.
