Shellenberger,2015-07-05 Excerpt from *The Battle of Spring Hill Tennessee Read After the Stated Meeting Held February 2d 1907* More than twenty five years have passed since I began to collect the materials from which this pamphlet has been evolved As a substantial basis to begin with I was an eye witness of all the fighting in the vicinity of Spring Hill that amounted to anything from the time Forrest attacked

the 64th Ohio on the skirmish line until Cleburne's Division recoiled from the fire of the battery posted at the village Since I began collecting I have neglected no opportunity to increase my stock of information by conversation reading or correspondence I have twice revisited the battlefield I have the Government volume containing the official reports all of which I have carefully studied Among my correspondents on the Union side have been Generals Stanley Wilson Opdycke Lane and Bradley besides many others of lesser rank I am as confident from their letters that my paper would have the approval of those named who are now dead as I am sure it has the approval of General Wilson to whom a manuscript copy was submitted for criticism Among other Confederates I wrote to General S D Lee who referred me to Judge J P Young of Memphis Tennessee with the statement that he had exhausted the subject on the Confederate side He was present at Spring Hill as a boy soldier in Forrest's cavalry and for years has been engaged in writing a history of the Confederate Army of Tennessee to which he has given an enormous amount of careful research To him I am indebted for much of the most valuable part of my information concerning the Confederate troops From the materials thus gathered I have tried to give within the compass of a Loyal Legion paper a clear and truthful account of the affair just as it happened About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
