Summoned To Lead:

Summoned to Lead Leonard Sweet, 2009-12-15 Leadership Re Visioned Cast a vision set a strategy rally the troops and take the hill you don't need another book to rehash the well worn principles of modern leadership But if you're looking for something different something that approaches leadership as an art as well as a science inspires hope and expectation in those of us who aren't born leaders challenges those with leadership roles to explore new possibilities then Leonard Sweet wants to help you discover a very different kind of leadership vision It's one you hear if your ears are open and it could summon you at any time When you respond the puzzle pieces of who you are will fit together into a leader others follow because you've answered a call not trained for a position The church has it all wrong It is trying to train leaders Instead it ought to train everyone to listen and to develop their own soundtrack Leaders don't see a vision says Sweet they hear one Sound becomes sight Leaders hear life For a sonogram of acoustic leadership Sweet takes us inside the incredible account of Sir Ernest Shackleton the celebrated polar explorer who led his entire crew of twenty seven from disaster in the Antarctic to safety Called the greatest leader that ever came on God's earth bar none Shackleton objectifies the goals of Sweet's own exploration in search of wisdom for today and tomorrow's truly compelling voice activated leaders Right now you may be leading many people or just yourself But who knows what tomorrow or a minute from now will call forth in you Are your ears open
