Shemek,2024-05-17 Redreaming the Renaissance seeks to remedy the dearth of conversations between scholars of history and literary studies by building on the pathbreaking work of Guido Ruggiero to explore the cross fertilization between these two disciplines using the textual world of the Italian Renaissance as proving ground In this volume these disciplines blur as they did for early moderns who did not always distinguish between the historical and literary significance of the texts they read and produced Literature here is broadly conceived to include not only belles lettres but also other forms of artful writing that flourished in the period including philosophical writings on dreams and prophecy life writing religious debates menu descriptions and other food writing diaries news reports ballads and protest songs and scientific discussions The twelve essays in this collection examine the role that the volume s dedicatee has played in bringing the disciplines of history and literary studies into provocative conversation as well as the methodology needed to sustain and enrich this conversation
