The Girl Factory:

Girl Factory Karen Dietrich,2013-10-01 It s 1985 in a small factory town near Pittsburgh Eight year old Karen s parents are lifelong workers at the Anchor Glass plant where one Saturday an employee goes on a shooting spree killing four supervisors then himself This event splits the young girl s life open and like her mother she begins to seek comfort in obsessive rituals and superstitions This beautifully evocative memoir chronicles the next fourteen years as Karen moves through girlhood adolescence and young adulthood It illuminates small town factory life explores a complicated mother daughter bond thoughtfully unfolds a smart but insecure girl s coming of age achingly recounts her attempts to use sex to fit in and ultimately uncovers the buried secret from her childhood a medical file with an unbearable report The Girl Factory deftly travels the intersections of memory and origin Karen s body remembers details her mind has tried to control As the young woman mines her interior landscape for answers certain questions persist Where does memory live in the body or the mind And can you rewrite the story of your past
