## **The Parables In Depth:**

The Study of the Parables Ada Ruth Habershon, 1905      Jesus' Parables and the War of Myths Amos N.

Wilder, 2013-12-01 Amos Wilder is widely known as a pioneer of an indigenously North American approach to biblical interpretation which takes language to be an expression not only of psychological but also of sociological and concrete reality Recording the history of his interest in eschatological language Wilder further advances the literary and rhetorical criticism of Scripture especially by alerting interpreters to the deeper modes of language and communication often overlooked The essays in this volume recaptured and edited to clarify their relatedness are presented in two groups The first group includes essays that situate the parables of Jesus within the broader context of the biblical narrative The second is a series of essays dealing with the problem of adequately interpreting the kingdom language of Jesus The book includes an essay in which Wilder chronicles and advances his long interest in the task of doing justice to the imaginative dimension of biblical language Wilder develops a contemporary hermeneutic that combines the full range of historical critical methods with approaches generated by various modern disciplines which attempt to do full justice to the interrelationship of language and reality The preface by James Breech offers an exposition of the main features of Wilder's hermeneutic together with a discussion of Wilder's understanding of parabolic narrative and Jesus symbolics

**Meditations on the Parables of Christ** Peter Morrison, 2021-07-07 The parables that Jesus Christ used to convey his lessons are rich in their implications They serve as ongoing standards against which to set our thoughts actions and decisions Together they ask us to acknowledge Jesus and His teachings as the only door John 10 1 to the fold the ultimate judge of our beliefs thoughts and actions **Meditations on the Parables of Christ** seeks to interpret the parables according to their theological significance while also applying them to individual lives and practices Mercy and forgiveness constitute the constant themes of the parables The parables emphasize the unfathomable mercy to our God which reaches out to the penitent They invite us to respond positively to God embrace what He offers us and be mindful of His will and of our eternal destinies in all our decisions thoughts actions and words This study examines the parables of Jesus Christ exploring and interpreting their meaning and considering their application in our daily lives

**The pictures of the Divine artist: studies in the parables of Christ** George Scragg Walker, 1905      **The parables of the Old Testament** Alfred Barry (bp. of Sydney.), 1889      The Power of Parables, 2023-11-07 The Power of Parables documents the surprising ways in which Jewish and Christian parables bridge religion with daily life This 2019 conference volume rediscovers the original power of parables to shock and affect their audience which has since been reduced by centuries of preaching and repetition Not only do parables enhance the perspective on Scripture or the kingdom of heaven they also change the sensory regime of the audience in perceiving the outer world The theological differences in their applications appear secondary in view of their powerful rhetoric and suggest a shared genre

**Jesus** ,1907      **Bringing the Depths into Focus** T. Scott Womble,2021-08-16 The Bible is a frustrating book to many Christians It s not uncommon to hear that it s difficult to understand To complicate the matter we live in a culture that dismisses the importance of God s word altogether and we are left to wonder if Scripture has lost its impact At a time when the world needs the wisdom of God s word many are skeptical as to why they should bother reading the Bible at all Scott Womble brings hope to this bleak situation by showing how we can not only learn to read and interpret the Bible more skillfully but also enjoy our time in study In addition to discussing critical issues such as literary context genre identification and background study Womble breaks new ground by encouraging us to both hear and see the text semiotics This incorporation of semiotics into the interpretive process helps us more fully interact with the word While sound interpretation is of great importance the end goal of Bible reading is application For Womble this is the crux of the matter Scanning prominent theories of application and concluding with seven guidelines this book is sure to help Jesus followers become more intentional doers of the word      The Parables of Jesus Philip Coghlan,1918      *The Parables of the Old Testament* Clarence Edward Noble Macartney,1926      **Parables of the Sydney Harbour Bridge** Frank Cash,1930      **The Parables of Our Saviour Expounded and Illustrated** William Mackergo Taylor,1904      *Tales on the Parables* Cecilia Anne Jones,1874      The parables of Jesus, by T.G.
