W. Leadbeater,2013-10 This is a new release of the original 1927 edition *The Chakras* Charles Leadbeater,2019-11 *The Chakras* C. W. Leadbeater,2013-04-18 Chakra Sanskrit wheel refers to the ancient Hindu concept of seven vortices of energy located on the spine from the tailbone to the crown of the head These centers define the physical and spiritual contact points in the human body In yoga they are bridges to higher consciousness symbolizing the journey from the material world to the divine Alternative medicine healers recognize them as a dynamic resource for health First published in 1927 this pioneering book by famed clairvoyant C W Leadbeater was the first to introduce the chakras to the West With great clarity he explains what each chakra means regarding our well being insight and personal power his color illustrations showing the chakras as they actually appear to those who can see them Anyone can perceive the chakras he says We must merely become sensitive to vibrations finer than those to which we normally respond The book has sold hundreds of thousands of copies and remains a classic The new material by Anodea Judith and Kurt Leland emphasizes its relevance for today The Chakras Charles Webster Leadbeater,1927 *The Theosophist* ,1927 **The New Metaphysicals** Courtney Bender,2010-07-15 American spirituality with its focus on individual meaning experience and exploration is usually thought to be a product of the postmodern era But as *The New Metaphysicals* makes clear contemporary American spirituality has historic roots in the nineteenth century and a great deal in common with traditional religious movements To explore this world Courtney Bender combines research into the history of the movement with fieldwork in Cambridge Massachusetts a key site of alternative religious inquiry from Emerson and William James to today Through her ethnographic analysis Bender discovers that a focus on the new on progress and on the way spiritual beliefs intersect with science obscures the historical roots of spirituality from its practitioners and those who study it alike and shape an enduring set of modern religious possibilities in the process *The Chakras in Stained Glass* Evelyn Wolff,2025-05-16 Enjoy the remarkable artwork in Evelyn Wolff s *Chakras in Stained Glass* they are some of her finest Reading her personal story about working with her chakras to channel these glowing images will teach you their meaning and how to visualize balance and bring healing to your chakras using color crystals and her psychological insights Finally Evelyn Wolff also offers the wisdom of her clinical experience and explores new research validating the power of these spiritual vortices to affect our health and happiness **The National Union Catalogs, 1963-** ,1964 The National Union Catalog, Pre-1956 Imprints Library of Congress,American Library Association.
