

A man with dark hair, wearing a brown jacket over a light blue shirt and khaki pants, stands on a grassy hillside. He is looking towards the camera. In the background, a wide river valley stretches out, with a river winding through it. The valley is surrounded by rolling hills and mountains under a clear blue sky. The overall scene is bright and natural.

CHANGING PLANET

1 RIVER RESTORATION

The Changing River

Royal Society (Great Britain)

The Changing River:

The Changing River David Boag,1996 **The Changing Function of River Deltas** Andrew J. Manning,2025-12-24
River deltas are among the planet's most dynamic and vulnerable landscapes. These shallow yet highly productive environments sustain millions of people, support critical biodiversity, and underpin major economic activities, but they are also under intensifying pressure from human development, climate change, and environmental degradation. Managing them sustainably requires a deep interdisciplinary understanding of the forces that shape them. *The Changing Function of River Deltas: Cross-Disciplinary Perspectives* brings together cutting-edge insights from leading scientists around the world to illuminate the latest developments in delta studies. Covering themes such as climate change impacts, water quality, geomorphology, sedimentation, flocculation, ecosystem dynamics, and the social dimensions of delta management, this volume offers a comprehensive and authoritative overview of the state of the field. Whether you are a researcher, practitioner, or policymaker, *The Changing Function of River Deltas: Cross-Disciplinary Perspectives* provides an essential resource for understanding, managing, and protecting one of Earth's most vital and threatened systems.

Ecological Changes in the Zambezi River Basin Mzime Ndebele-Murisa,2021-01-11 This book provides an analysis of the ecological conditions and ecosystem goods and services of the Zambezi River Basin (ZRB), the fourth largest river in Africa. Various environmental and anthropogenic factors, inclusive of climate, environmental flows, hydrology, morphology, pollution, and land use changes, among others, and their interactions are considered as drivers of the river ecosystems. The impacts of these drivers on aquatic biota, river ecological integrity, and the livelihoods of surrounding communities are analysed within the socio-economic policy context. The book goes beyond the usual inventories and basic research by using the comparative research method (CRM) in a trans-disciplinary manner. This CRM analytical approach in this book seeks to interrogate the differences or similarities in socio-economic systems, livelihoods, ecological systems, ecosystem goods and services, their usage, and management under the seemingly different cultural socio-economic conditions expected across borders that are within the ZRB. The multidisciplinary approach also connects the typical ecological research with social dimensions in a holistic manner. The book therefore provides empirical and research-based evidence to support strategic planning and policy development in the wake of ecological changes that nations and indeed regions such as the ZRB are grappling with while seeking to sustainably manage precious river systems.

The Regulation of Rivers John Lane Van Ornum,1914 **Water-quality Trends in New England Rivers During the 20th Century** Keith W. Robinson, Jean P. Campbell, Norbert A. Jaworski,2003 *A Salmon River* Frank Gray Griswold,1928 [Rivers of the Ganga-Brahmaputra-Meghna Delta](#) Kalyan Rudra,2018-04-02 This is the first comprehensive book on the rivers of the Ganga-Brahmaputra-Meghna delta. This volume covers all aspects of this highly populated region, including land conflicts and environmental impacts such as the Indo-Bangladesh conflict over sharing of trans-boundary water. This book addresses the topic from a highly interdisciplinary perspective, covering areas of

geography geology environment history archaeology sociology and politics of the Bengal region The book appeals to a wide range of audiences from India Bangladesh and the international community The style of presentation makes it easily suitable for students researchers and interested laymen
