The German Empire

Helmut Böhme

The German Empire:

   The German Empire Michael Stürmer,2000 A leading German historian on the period from 1871 to 1919 from Bismarck to the First World War   The German Empire Burt Estes Howard,1906   **The German Empire** Michael Sturmer,2002-08-06 In a remarkably vibrant narrative Michael St rmer blends high politics social history portraiture and an unparalleled command of military and economic developments to tell the story of Germany s breakneck rise from new nation to Continental superpower It begins with the German military s greatest triumph the Franco Prussian War and then tracks the forces of unification industrialization colonization and militarization as they combined to propel Germany to become the force that fatally destabilized Europe s balance of power Without The German Empire s masterly rendering of this story a full understanding of the roots of World War I and World War II is impossible   *History of the German Empire* William Dawson,2018-01-19 AT the opening of the nineteenth century the Holy Roman Empire of the German Nation still existed after a thousand years of chequered life Long decadent it was now moribund however and perpetuated only in name an august sovereignty which at one time extended over a large part of the European Continent Diverse in race language religion and political forms having no common bond in administration law justice or military organization the many parts of the imperial dominion were kept together in firm union only so long as they were subject to a strong rule and when once the centre of authority had become weakened decline and disintegration ran their certain course   **The German Empire 1879-1914** William Dawson,2015-06-29 The German Empire 1879 1914 is an expansive history of Germany in the period leading to the first World War   **The Armed Strength of the German Empire** Great Britain. War Office. Intelligence Division,Sir James Moncrieff Grierson,1888   The German Empire 1867-1914 William Harbutt Dawson,2018-05-01 The German Empire 1867 1914 first published in 1919 represents the most important and comprehensive of William Dawson s contributions to German history and the understanding of German politics and affairs This title will be of great interest to students of German and Imperial history   The German Empire, 1867-1914, and the Unity Movement William Harbutt Dawson,1919   **Lands of the German Empire and Before** Wendy K. Uncapher,2000 Historical overview of the former German Empire parts of which are now in Belgium Czech Republic France Poland and Russia   *The German Empire Between Two Wars* Robert Herndon Fife,1916   **The German Empire** Michael Sturmer,2007-12-18 In The German Empire one of Europe s great historians and men of letters chronicles one of history s most fateful transformations Germany s rise from new nation to prime mover in the chain of events that sent it hurtling into two world wars In 1871 Otto von Bismarck fused with blood and iron a motley collection of principalities Free Cities and bishoprics into one Reich In England Benjamin Disraeli observed that the world was witnessing a greater political event than the French revolution of last century T here is not a diplomatic tradition which has not been swept away The balance of power has been entirely destroyed Disraeli s powers of prophecy in this as in much else were formidable The Age of Bismarck saw Germany become the dynamo of Europe its

preeminent economic and military power its scientific and educational nerve center and a place of tremendous artistic ferment But there would be no simple spell to return to their bottles the genies unleashed by these vast forces and Michael St rmer traces the convergence of people and events that sent Europe s fragile balance of power over the brink and into conflict No war was fought for less purpose or with greater slaughter than the First World War which in Michael St rmer s assured hands arrives as the next to last act of an epic drama all the more tragic for the blazing brilliance of its opening scenes Though the drama s final horrible act the Second World War takes place offstage from The German Empire it is impossible to understand its origins without the history Michael St rmer tells here with such elegance and insight
