The Almanac of British Ghosts Ruth Roper Wylde,2017-11-26 This book covers the ghosts of Britain who seem to prefer according to legend to only haunt on one particular night of the year It acts as a calendar year book giving the tales on a month by month basis It describes the original story or legends associated to the haunting as well as any historical reference It also then looks to see if any more recent paranormal activity has been recorded at each site so that the reader can determine for themselves whether a particular location is still active in a supernatural sense The hauntings are usually eerie sometimes bloody and quite often downright peculiar in their nature Also included are some of the strange supernatural tales associated to a particular date and location This book is also designed to be read as a calendar year book for the avid ghost hunter since you could use this to check whether there are any hauntings nearby you could go and check out on any given free date you happen to have coming up
