The Gismo:

The Gismo Trilogy MEGAPACK®: The Complete Young Adult Series Keo Felker Lazarus, 2016-04-14 Keo Felker Lazarus 1913 1993 was an American writer remembered for her Young Adult novels of which the Gismo series comprised of *The Gismo*, *The Gismonauts* and *A Message from Monaal* was but a small part. She also wrote fantasy, historical, and western books and picture books for younger readers such as *The Billy Goat in the Chili Patch*, *A Totem for Ti Jacques*, and *Rattlesnake Run*. In *The Gismo*, Jerry Cole finds a mysterious device which he calls a gismo for lack of a better term that turns out to be of alien origin. It was lost by a spaceship and the aliens' leader, Monaal, needs it to communicate with his people. Will Jerry be able to return it or will the adults prevent it and ruin our first contact with Monaal's people? In *The Gismonauts*, the action jumps farther into the future with Jerry Cole's grandson, Chris, encountering an alien way station set up by Monaal and his people on the moon. Monaal is still studying Earth. Can Chris keep the aliens' secret and prove humanity is ready to join the galactic Federation? In *A Message from Monaal*, the aliens have a last test for humanity and Chris may be the only one who can prove we are ready for galactic citizenship. The Gismo and its sequels are not well known beyond a generation of American kids who found them in their school classrooms and libraries. They were published for the educational market and were designed to be read by 4th to 8th grade readers in the 1970s and 1980s. Am I dating myself if I admit to reading and loving *The Gismo* in school? I don't think any copies were sold commercially. That doesn't stop this whole series from being exciting fun books which hold up exceptionally well to this day. John Gregory Betancourt **The Gismo** Keo Felker Lazarus, 1970 Science Fiction illustrated by Leonard Shortall. Crystal radio communication The Perfect Medium Clément Chéroux, Andreas Fischer, Pierre Apraxine, Denis Canguilhem, Sophie Schmit, 2005-01-01 In the early days of photography many believed and hoped that the camera would prove more efficient than the human eye in capturing the unseen. Spiritualists and animists of the nineteenth century seized on the new technology as a method of substantiating the existence of supernatural beings and happenings. This fascinating book assembles more than 250 photographic images from the Victorian era to the 1960s, each purporting to document an occult phenomenon: levitations, apparitions, transfigurations, ectoplasms, spectres, ghosts, and auras. Drawn from the archives of European and American occult societies and private and public collections, the photographs in many cases have never before been published. *The Perfect Medium* studies these rare and remarkable photographs through cultural, historical, and artistic lenses. More than mere curiosities, the images on film are important records of the cultural forces and technical methods that brought about their production. They document in unexpected ways a period when developing photographic technology merged with a popular obsession with the occult to create a new genre of haunting experimental photographs. *The Gold Leaf Lady and Other Parapsychological Investigations* Stephen E. Braude, 2008-11-15 For over thirty years Stephen Braude has studied the paranormal in everyday life from extrasensory perception and psychokinesis to mediumship and materialization. *The Gold Leaf Lady and Other Parapsychological Investigations* is a highly

readable and often amusing account of his most memorable encounters with such phenomena Here Braude recounts in fascinating detail five particular cases some that challenge our most fundamental scientific beliefs and others that expose our own credulousness Braude begins with a south Florida woman who can make thin gold colored foil appear spontaneously on her skin He then travels to New York and California to test psychokinetic superstars and frauds like Joe Nuzum who claim to move objects using only their minds Along the way Braude also investigates the startling allegations of K R a policeman in Annapolis who believes he can transfer images from photographs onto other objects including his own body and Ted Serios a deceased Chicago elevator operator who could make a variety of different images appear on Polaroid film Ultimately Braude considers his wife s surprisingly fruitful experiments with astrology which she has used to guide professional soccer teams to the top of their leagues as well as his own personal experiences with synchronicity a phenomenon he argues that may need to be explained in terms of a refined extensive and dramatic form of psychokinesis Heady provocative and brimming with eye opening details and suggestions *The Gold Leaf Lady and Other Parapsychological Investigations* will intrigue both adherents and detractors of its controversial subject matter alike
