The Glimmer Man:

That Neutral Island Clair Wills, 2007 Where previous histories of Ireland in the war years have focused on high politics That Neutral Island mines deeper layers of experience Stories letters and diaries illuminate this small country as it suffered rationing censorship the threat of invasion and a strange detachment from the war

The Glimmer Man Kevin Brodwin, 1995 *New York Magazine*, 1996-10-14 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea

The Bombing of Dublin's North Strand by German Luftwaffe Kevin C. Kearns, 2009-10-16 On the Whit bank holiday weekend of 1941 the neutral Irish capital was suddenly and inexplicably bombed by the German Luftwaffe On a gloriously starry night four bombs fell the last and most devastating at precisely 2 05 a m on 31 May There was a thunderous explosion and the earth quaked Tremors were felt as far away as Enniskerry and Mullingar Panic and pandemonium reigned in a city seized with fear Destruction was astonishing homes and shops in the North Strand were largely demolished 2 250 buildings in the city suffered some bomb damage over forty people were killed about 100 seriously injured many more wounded Hospitals and morgues filled within hours Almost 2 000 people were rendered homeless refugees It would later be determined that in terms of destructive performance a monstrous perfect bomb had done the deed For two thirds of a century no book was written on what the Evening Herald proclaimed a Night of Horror Later called a seismic event in Dublin's history Finally near the end of the century both the Irish Military Archive and Dublin City Archive declassified their documents on the bombing some stamped Secret for sixty years At last the theories and myths long surrounding the mysterious incident would be examined in the light of real evidence But the heart of a book on so human a tragedy is the oral historical testimony of survivors rescuers and observers who provide graphic eyewitness accounts This is a narrative social history of immense human drama
